INVESTIGATION REPORT

Submitted by

CID Karnataka on the investigation of the case in Cr.No.28/2013 *u/S 34, 120[B], 418, 420, 465 IPC & Sec 7 of Prevention of Corruption Act, 1988 of Vidhana Soudha P.S., Bangalore City,* pertaining to the *Gazetted Probationers Examination -2011*

Office of the Director General of Police,
CID, Special Units & Economic
Offences, No. 1, Carlton House,
Palace Road, Bangalore-01 9/2/2013

Confidential

No: 17/CRM/SE/CID/2013

Office of the
Director General of Police,
C.I.D., Special Units and
Economic Offences,
No. 1, Carlton House,
Palace Road, Bangalore–01.
Date: 10-09-2013.

To,

Sri S.V. Ranganath, IAS,
Chief Secretary,
Government of Karnataka,
Vidhana Soudha,
Bangalore- 560 001.

Sir,

Sub: Report regarding the investigation of case in Cr. No.28/2013 u/s 34, 120[B], 418, 420, 465 IPC & Sec 7 of Prevention of Corruption Act, 1988 of Vidhana Soudha P.S., Bangalore City – reg.

Ref: G. O. No. OE 63 CID 2013 Bangalore, dated 27.06.2013.

***

With reference to the above, I write to state that on 27-6-2013 the CID was entrusted with the investigation of the case in Cr. No. 28/2013 u/S 34, 120[B], 418, 420, 465 IPC & Sec 7 of Prevention of Corruption Act, 1988 of Vidhana Soudha P.S., Bangalore City by the Government. A team of Officers under the direct supervision of the DIGP, CID was formed,

wherein more than 7 DySsP and 12 Inspectors, along with other officers and staff have worked relentlessly under the guidance of SP, Administration, to unearth the malpractices committed by the KPSC in the Gazetted Probationers Examination – 2011. Because of the concerted efforts of the investigation team, the process of investigation is almost complete with regard to the accused named in the FIR. The investigation into the role of all other members and many others who have also conspired and therefore involved in the offence is still underway.

However, considering the urgency of the matter, a draft charge sheet will be submitted shortly to the government with a request to give prosecution permission against the accused persons named in the FIR.

A report on the malpractices during the KPSC Gazetted Probationers Exam 2011 is enclosed for the consideration of the Government.

The report is presented in three parts as under;

Part – A contains the preamble, background and introduction to the case.

Part – B which is classified as Confidential due to the ongoing investigation, contains the details of the investigation and its findings.

Part – B which is classified as Confidential due to the ongoing investigation, contains the details of the investigation and its findings.

Part – C of the report contains the conclusions and suggestions which the government is requested to consider seriously and take remedial action in the larger interest of deserving and meritorious KPSC candidates.

(Bipin Gopalkrishna)
Director General of Police,
CID, Special Units & Economic Offences

EXECUTIVE SUMMARY

INVESTIGATION REPORT OF C.I.D, KARNATAKA, ON THE INVESTIGATION OF THE CASE IN CRIME NO.20/2013 UNDER SECTIONS 34, 120(b), 418, 420, 467 AND SECTION 7 OF PREVENTION OF CORRUPTION ACT 1988 OF VIDHANA SOUDHA P.S., BANGALORE CITY, PERTAINING TO IRREGULARITIES DURING THE CONDUCT OF THE GAZETTED PROBATIONERS EXAMINATION 2011.

The report being submitted to Government is presented in 3 Parts :

Part - A: Contains the Preamble, Background and Introduction to the Case –

(a) Public outrage at the rampant corruption, malpractices and favouritism in the Gazetted Probationers Examination 2011 emanating from the complaints of one Mr. Gangadharaiah, Dr. Mythri, Professor B. K. Chandrashekar and Media reports, along with the opinion of the Advocate General, Karnataka, resulted in the complaint of Mr. Devaraju, Dy.Secretary, DPAR (Service Rules), filed in Vidhana Soudha Police Station on 25-06-2013 against Sri. Gonal Bheemappa, Chairman, KPSC, and 7 others. The investigation of this case was handed over to C.I.D for further investigation.

(b) The KPSC is an autonomous body constituted under Article 315 of the Constitution of India. The KPSC comprises a Chairman and 9 other members. By Notification dated 03-11-2011 KPSC invited application for 162 posts in Group-A and 200 Posts in Group-B. 138807 applications were received in response to the Notification. 91367 attended the Preliminary Examination out of whom 7188 became eligible for the Main Examination. 1085 candidates qualified for the interview based on the result of the Mains examination published on 16-03-2013.

(c) In the conduct of the written examination as well as the interview serious malpractices and corrupt methods were used to deprive meritorious students of their place in the final merit list for selection.

d) In the past too, C.I.D. had conducted investigations into allegations of favoritism, corruption and misconduct in the KPSC in the Examinations pertaining to 1998, 1999 and 2004. Charge sheets were filed against the then Secretary of KPSC Sri. A.K Monappa and 11 other accused persons before the Special Court, Bangalore, where the trial is in progress. Similarly, another charge sheet has been filed for various offences against former Chairman Dr. H.N. Krishna and 5 other accused persons. This case however has been stayed by the Hon'ble High Court of Karnataka.

(e) In the past, several recommendations have been made by the C.I.D. and Sri. K.K. Mishra, Former Addl. Chief Secretary, to improve the selection process of the KPSC.

(f) Dr. Mangala Sridhar, member KPSC made a frivolous complaint to Secretary against candidate Dr. Mythri to pre-empt the allegations labeled against her. She mischievously alleged that the candidate Dr. Mythri threatened her using mobile number 86822 44391. C.I.D. enquiries have proved that the mobile number was that of the father of another ST (W) candidate and not that of Dr. Mythri.

art-B : Investigation conducted by C.I.D in the present case :

- During the course of investigation 215 witnesses were examined, Call details of more than 700 mobile numbers analyzed, details of bank statements from 75 branches of 55 banks obtained, 337 files from KPSC seized and 116 petitions received from the candidates enquired into.

FINDINGS :

- Money was demanded from Dr. Mythri, by KPSC Member, Dr. Mangala Sridhar, for appointment as Asst. Commissioner, Revenue. When Dr. Mythri refused to pay, she was pushed down below in the merit list.

- TV9 channel conducted a sting operation wherein the demand for bribe was clearly recorded and the same has been proved by expert opinion.

- The entire process of evaluation was conducted in a tearing hurry. Compared to previous G.P Exams, even though the number of Candidates was much higher and the number of evaluators was less, the entire evaluation was completed sooner than previous exams.

- Candidates opting for Geography as one of the optional subject got disproportionately higher success than those appearing in other subjects.

- Evaluation of 'Rural Development and Cooperation' papers was done by the teachers of 'Economics' and the 'Anthropology' paper valuations were done by teachers of Sociology though evaluators of respective subjects were available.

- Kannada medium professors have evaluated English medium answer scripts and vice versa.

- There were frequent telephonic communications through voice and SMS between KPSC Members, their personal staff, other officers of KPSC and candidates. In the process all norms of rectitude and fair-play were violated.

- Re-totaling of marks on demand by candidates was done unfairly by KPSC to favour some candidates to the detriment of others. During re-totaling, there is enough evidence to show that alterations and over-writings were made. Further, even before the completion of re-totaling, interviews were conducted and completed.

- Four candidates who have qualified for interview after re-totaling are yet to face the interview board.

- The answer scripts during the main examination were evaluated by professors and evaluators whose names were not in the list recommended by university / approved authorities. Pliable evaluators were appointed including retired ones in furtherance of illegal designs.

- Candidates had access to evaluators and made telephonic communication with them seriously undermining the fairness of the system.

- Expert evaluators at C.I.D's request evaluated the answer scripts and serious discrepancies were noticed between the marks given by the experts and those of the KPSC evaluators.

Malpractices in the conduct of the Personality Test :

- Despite the Election Commission's direction not to hold the personality test until the election process was completed, the KPSC went ahead with interviews. After the Government of Karnataka intervened, interviews were stopped. Again, using devious means the interviews restarted obviously at the instance of the Chairman who was due to retire on 10-05-2013.

- Candidates were informed of the interview date through phonograms, which is expected to have resulted in some of the 11 candidates not being able to appear for the interview.

- The Chairman, Members, their agents and other officials were telephonically communicating with candidates selected for interview, thereby totally compromising the system.

- "Paying" candidates were given more marks to ensure he/she got the coveted post while "Non-paying" candidates were given correspondingly low marks to eliminate him/her from the contest.

- During the personality test the questions put to many of the candidates were irrelevant and the marks were predetermined. Many of the interviews were held for a brief period of 3 to 4 minutes only.

- All Members gave the same marks in the interview to the candidates clearly establishing that the marks were predetermined and not based on the individual assessment of Members.

- Even when Members were not present during the interview, as determined by telephone records, marks were awarded to candidates.

- Footage of CCTV cameras which would have conclusively proved the nexus between candidates and officials / members of the KPSC was destroyed and the original digital video recorder was replaced by a duplicate one.

- A close relative of the Chairman Mr. Gonal Bheemappa attended this examination but he chose not to make any declaration in this regard despite a clear provision in the rules and regulations.

- Mr. Arunachalam, former Asst. Secretary of KPSC who retired on 31-01-2008 was reappointed on February 1st, 2008 and

continued on contract basis contrary to KPSC Regulations and Audit objections. Being a confidant of the Chairman and Secretary, he was also given charge of the all -important Rahasya Branch of the Commission.

During the raids by C.I.D. and subsequent investigation, many movable and immovable assets of the Chairman were brought to light, disclosing clearly transactions of a dubious nature requiring further probe.

Similarly, disproportionate assets were unearthed in respect of Accused-6 Mr. Sudhir and those are being probed.

PART-C: Conclusions and Recommendations:

In view of the overwhelming oral and documentary evidence, criminal offences in respect of the Mains examination have been clearly and beyond all reasonable doubt established. It is recommended that the evaluation of the mains examination answer scripts be re-done in the interest of justice and fair play.

C.I.D. investigation has again proved beyond all reasonable doubt that the interview process was an exercise to favour the undeserving "Paying" candidates at the expenses of the hapless but

meritorious candidates. The entire process of interviews must be re-done so that the ends of justice and fair play are met.

The KPSC Manual introduced in 1978 and the Karnataka Gazetted Probationers (Appointment by Competitive Examination) Rules, 1997 needs to be updated in accordance with procedures adopted by the UPSC.

There should be extensive Mute CCTV coverage of the entire KPSC premises including the mains evaluation halls and the interview halls.

Many other recommendations relating to the examination including biometric attendance and access control systems, computerized entry of marks and tabulation, conduct of preliminary examination through online process have been made.

PART - A

PREAMBLE

1) The issue of large scale malpractice and corruption in the recruitment examination for the selection of state civil servants re-emerged as a matter of public outcry during the month of May – June 2013. The present scam comes as a sequel to the similar scams in the previous examinations of 1998, 1999 and 2004 which were also investigated and charge sheeted by the CID. The issue of large scale corruption and malpractices in the present Gazetted Probationers examination of 2011, which is being conducted had caught the attention of the Press as well as the public, after one of the candidates by name Dr. Mythri, who appeared for the Gazetted Probationers Examination -2011 gained courage to come out in the open with her allegations, she submitted her petitions to the Advocate General of Karnataka on 24-05-2013 and 28-05-2013 making allegations of corruption against one of the members of K.P.S.C. viz. Dr. Mangala Sridhar and her P.A. Ashok Kumar. Another person by name Mr. Gangadharaiah, claiming to represent the aggrieved candidates submitted a petition to the Advocate General on 27-05-2013 alleging manipulations by the Chairman of KPSC Mr. Gonal Bheemappa, Secretary Mr. Sunder, Special Officer Mr. Arunachalam and others which resulted in large scale malpractices in

the selection process of the Gazetted Probationers Examination-2011 held by the K.P.S.C.

2) Meanwhile, Professor B.K. Chandrashekhar, Former Minister addressed a letter to the Hon'ble Chief Minister of Karnataka alleging large scale corruption in the process of personality tests being conducted by the KPSC and urged the Hon'ble Chief Minister to order the cancellation of the ongoing interview and to get it re-conducted by a new set of members. The T.V.-9 Kannada channel carried out a sting operation which was telecast in their channel as well as other channels on 21-05-2013 and 22-5-2013. The said sting operation disclosed the demand of bribe from the candidates and their parents/ relatives by agents for the posts of Gazetted Probationers. The telecast of sting operation was followed by several panel discussions in different channels, where eminent personalities participated and discussed about the rampant corruption and widespread malpractices which were plaguing every recruitment process being conducted by the KPSC. Simultaneously, the print media, both vernacular and national, carried similar news and stories extensively.

3) In the background of public outcry reflected through the serious allegations made by Professor B.K. Chandrashekhar, Former Minister; extensive coverage in both print as well as visual media, complaints by candidates and their parents, the Hon'ble Chief Minister of

Karnataka sought the opinion of Advocate General on 27-05-2013 in order to take suitable remedial action in this regard.

4) On 04-06-2013, the Advocate General of Karnataka Professor Ravivarma Kumar furnished an elaborate opinion as follows:

OPINION

a) It is well- settled that calling for an interview or even a selection by the Public service Commission would not confer any vested right upon the candidate to be appointed. If the Government wants to disapprove or reject the list submitted by the Commission, it is empowered to do so. But such rejection should be done within a reasonable time on receipt of the List and for reasons to be recorded. Government cannot accept a part of the List and reject the rest. The Government may reject the entire Select List when it is satisfied after due enquiry that the selection has been vitiated either on account of violation of a fundamental procedural requirement or is vitiated by corruption, favoritism or nepotism.

b) In the light of the serious allegation of rampant corruption, the Government will have to carefully examine the allegations made and hold an enquiry to verify the truth of all these allegations. It should be remembered that these are only allegations and not proof of any omission or commission. And it is not permissible for the Government to form an opinion on the basis of these allegations alone.

c) However, as could be seen from the material now available with the government, a prima facie case has been made out to withhold the List and conduct a thorough enquiry/investigation into these allegations and ascertain whether the process of selection is so tainted so as to warrant the entire selection process to be cancelled. It has to be ensured that due to the misdeeds of some candidates, honest and meritorious candidates do not suffer. If the Government finds it impossible or improbable that the tainted cases cannot be separated from the non-tainted cases, the entire Selection List can be cancelled. All endeavours should be made to segregate the tainted from untainted candidates while scrutinizing the Selection List.

d) In the light of this legal position, I advise the Government to initiate the following steps.

1. Withhold the list of selected candidates,
2. Direct a comprehensive inquiry/investigation into the ***allegations made against the entire process of selection including the conduct of written examinations and viva-voce through a credible investigating agency like the Central Bureau of Investigation.***
3. Decide on acceptance or non-acceptance of the List on the basis of the outcome of such investigation and keeping in mind the above stated legal principles.

5) On the basis of the opinion of the Advocate General and instructions of the Government, Mr Devaraju, Deputy Secretary, DPAR (Service Rules) filed a complaint on 22-06-2013 in Vidhana Soudha Police Station, which was registered in Crime No. 28/2013 u/S 34, 120(B), 418, 420, 465 of IPC and Section 7 of Prevention of Corruption Act, 1988 against Mr. Gonal Bheemappa, Chairman of K.P.S.C. and seven others on 25-06-2013. As per the Government order No. OE 63 CID 2013, Bangalore dated 27-06-2013, this case was handed over to C.I.D. for further investigation.

6) On 28-06-2013, the case was taken over by C.I.D. A Special Team consisting of 7 Dy.Ss.P. and 12 Police Inspectors along with supporting staff was constituted to investigate the case under the close supervision of the Superintendent of Police, Administration. The overall investigation is being personally monitored by the Deputy Inspector General of Police, C.I.D. Two nodal officers were nominated by the KPSC to assist the team in investigation.

Background of the case:

1) The Karnataka Public Service Commission is an Autonomous body constituted and established under Article 315 of the Constitution of India. The KPSC has a Committee headed by its Chairman and 9 other members. The main object of the commission is to recruit the competent and suitable candidates for state administration by holding competitive examinations. It also conducts various

Departmental Exams. The details of the Chairman and other members of the commission, as provided by the KPSC, for the relevant period are as follows :

DETAILS OF CHAIRMAN AND MEMBERS OF KPSC

Table No. 1

Sl. No.	Names of Chairman and the Members	Designation	Date of assuming Charge	Date of expiry of tenure
1.	Gonal Bheemappa, IAS (Rtd.)	Chairman	11.05.2007	10.05.2013
2.	N. Ramakrishna	Member	11.05.2007	10.05.2013
3.	Dr. B. S. Krishnaprasad	Member	17.07.2008	16.07.2014
4.	B. P. Kaniram, IAS (Rtd.)	Member	25.02.2009	19.10.2013
5.	S. R. Rangamurthy	Member	08.01.2010	07.01.2016
6.	Dr. M. Mahadeva	Member	02.08.2010	25.08.2016
7.	Dr. H. V. Parswanath, IAS (Rtd.)	Member	25.10.2010	24.10.2016
8.	S. Dayashankar, IAS (Rtd.)	Member	28.11.2012	30.06.2017
9.	Dr. Mangala Sridhar	Member	28.11.2012	27.11.2018
10.	Dr. H. D. Patil	Member	29.12.2012	28.12.2018

2) The Karnataka Public Service Commission (KPSC) invited applications for 162 posts of Group A cadre and 200 posts of Group B, by its notifications bearing No: E(1)6314/2011-12/PSC dated 03.11.2011 and E(1) 556/2012-13/PSC dated 25-05-2012, under the provisions of Karnataka Gazetted Probationers (Appointment by Competitive Examination) Rules, 1997. The applications for the above examination were accepted from 11.11.2011 to 12.12.2011.

Table No. 2 given below shows the break-up of Posts for which applications were invited:

The above table exhibits that the present examination was being conducted for the selection of very sought after and coveted position in the government. Obviously there were many candidates who were willing to pay for their selection. Realizing this willingness

of candidates to pay, the Chairman and Members prepared a Rate list for different posts depending on their relative importance. From the statements of Candidates, the TV sting operation and other sources, the rate list for different posts is as detailed below.

APPROXIMATE ASKING RATE FOR POSTS

Table No. 3

Sl. No.	Post	Amount (Approx.)
1.	A.C. - Revenue	75 Lakhs to 1.5 Crore
2.	Dy.S.P.	60 to 80 Lakhs
3.	ACCT/EO	50 to 60 Lakhs
4.	Other Group-A Posts	30 to 50 Lakhs
5.	Tahsildar	30 to 60 Lakhs
6.	Asst. Directors of various Departments	45 Lakhs
7.	C.T.O.	30 Lakhs
8.	Other Group-B Posts	25 to 45 Lakhs

3) In pursuance of this notification 1,38,807 applications were received by the KPSC and preliminary examination was held on 22.04.2012. A total of 91,367 candidates attended the preliminary examination,

out of which 7,188 candidates were declared eligible for the main examination in the ratio of 1:20 to the posts called for. The eligible candidates were provided with the application forms along with the instruction manual. Thereupon, 6,205 candidates appeared in the Main examination at Bangalore and Dharwad centers as scheduled between 15.12.2012 and 06.01.2013.

4) After the completion of the Main examination, the Centralized Evaluation process was arranged from 22.12.2012 to 16.03.2013 in the KPSC building at Bangalore. According to Rule 90 of the KPSC Manual, Vol - I, the appointment of Examiners/evaluators may be made from the panel of evaluators/examiners recommended by the Registrars of various Universities or other competent Authorities. The KPSC has stipulated a minimum of 10 years of teaching experience in the relevant subject for being eligible for evaluating as a matter of convention being followed by the KPSC. The mode of evaluation adopted by the KPSC provides for the evaluation of papers by two examiners and in case, the difference between marks awarded in the 2 evaluations is found to be 45 or more, such paper is to be evaluated by a third examiner.

5) The result of the main examination for 5574 candidates was published on 16.03.2013 in the KPSC website and also on the notice board of KPSC office. The candidates were called for personality test in the ratio of 1:3 and this was scheduled between 01.04.2013 and

24.04.2013. Commission has neither made any resolutions nor has maintained any file regarding the decision of fixing of dates for the interview. The Election Commission had informed the government well in advance on 23.03.2013, which was communicated by the Government to the KPSC on 28.03.2013 to postpone the personality test, which was scheduled by the commission, on account of the Model Code of Conduct being in force due to State Legislative Assembly elections. Disregarding the instructions by the Election Commission, the KPSC conducted the personality test on 1st & 2nd of April 2013. The Election commission took the matter of ongoing viva-voce test seriously and requested the Chief Secretary, Government of Karnataka vide, their Fax dated 01/04/2013 to issue direction to KPSC to put the interview process on hold till the completion of the Election process. Consequently, the Principal Secretary, DPAR in his DO letters No. DPAR/27/se.lo.se/2013 dated 02/04/2013 to the Secretary, KPSC cautioned that the continuing interview process would invalidate the selection list and KPSC and its Secretary would be held personally responsible for any cost and consequences. After receipt of the above letter of caution, the Commission stopped the personality test from 3rd April 2013.

6) Meanwhile, on 24-5-2013, Dr. Mythri submitted petitions against Dr. Managala Sridhar to the Advocate general. On the same day Dr. Mangala Sridhar, a member of KPSC came up with a counter complaint to the Chairman, KPSC, stating that one candidate by

name Dr. Mythri had tried to induce her for favours and when the former refused, she was threatened over mobile phone. The facts mentioned in the complaint of Dr. Mangala Sridhar appear to be a concocted and an act of afterthought to preempt the allegations labeled against her, as, the alleged threatening call was received by Dr. Mangala Sridhar on 15-5-2013 itself and there was no reason for her to wait till 24-05-2013. Moreover, the no 8682244391 from which the alleged threatening call was received by Dr. Mangala Sridhar was found to belong to the Canara Bank, R. P. Road, Nalagonda, Andhra Pradesh. The Manager of that branch Sri. Sharanappa Tukaram Sonate had spoken to Dr. Mangala Sridhar regarding his daughter Mahadevi Sharanappa Sonate with Registration no. 16513.

Previous Investigation/Enquiries Conducted by C.I.D:

1) During the year 1998, the KPSC vide its Notification No. E(1)15050/PSC/97-98 Dtd. 09-03-1998 had invited applications for the appointment of 415 posts of Gazetted Probationers of group A and B. During the selection process, some of the affected candidates had made serious allegations against the then KPSC Secretary Mr. A.K. Monappa for having committed serious frauds in the process of evaluation of the answer scripts. The government had ordered for an enquiry, appointing Sri. K. K. Mishra, Addl. Chief Secretary, as the

Enquiry Officer. After the enquiry, a report was submitted to the government, in which, it was pointed out that large number of irregularities, illegalities and malpractices by the KPSC had resulted in great injustice to the meritorious candidates. Based on the above said report, a case was registered in Vidhana Soudha P. S. Cr. No. 28/2004 for the offences punishable under various provisions of IPC and P.C Act, 1988. C.I.D (then COD) was entrusted with the task of investigation and thereafter, a charge sheet was filed against Mr. A.K.Monappa and 11 other accused persons and the same is pending trial before the Special Court, Bangalore.

2) In the year 2011, some of the candidates who had appeared for the Gazetted Probationers examination conducted by the KPSC during 1998, 1999 & 2004 approached the Hon'ble High Court of Karnataka, alleging mass irregularities and corrupt practices by the Chairman and Members of the KPSC in the selection process. Pursuant to the orders of the Hon'ble High Court, an Enquiry was conducted by the DIGP, C.I.D which was monitored by Hon'ble Justice Ajit Gunjal and on 23.05.2011, C.I.D submitted a detailed enquiry report to the Hon'ble High Court of Karnataka in connection with the above referred examinations. The report reflected the malpractices and criminal acts committed by the then KPSC Chairman and its Employees, as well as by some of the candidates. The Hon'ble High Court of Karnataka ordered for an investigation

based on the Enquiry report, under the supervision of Justice (Retd.) Mohmed Anwar. Accordingly, on 11.08.2011, a case was registered at Vidhana Soudha Police Station in Crime No: 46/2011. DIGP, C.I.D conducted thorough investigation and filed a comprehensive final report before the jurisdictional court for the offences punishable under Sections 120(B), 417, 418, 465, 466, 468, 471, 506 of IPC against the then Chairman Dr. H. N. Krishna and 5 other accused persons. The Hon'ble High Court of Karnataka has granted interim stay for further proceedings in this case on 14th August 2012.

3) The C.I.D vide letter dated 09-04-2012, had sent a detailed report to the Government wherein, several recommendations have been made for the improvement of the selection process by the KPSC, as stated below:

a) Sri. K. K. Mishra Committee's recommendation with regard to the maximum marks prescribed for the Personality Test and other recommendations should be implemented.

b) The selection process starting with application form in OMR format, Bio-metric system for marking attendance of the candidates, moderation and scaling of answer-sheets during written examination and personality test need to be improved using technological advances as practiced by the UPSC and various other Government and non-Governmental recruiting agencies.

c) Advanced Bar coding system should be adopted for maintaining anonymity of the answer sheets of the candidates.

d) The improvement and advancement in the selection process implemented by the UPSC from time to time for the Civil Service Examination should also be adopted by the KPSC.

e) Strict adherence to the calendar of events for conduct of Examinations, transparency and objectivity in the recruitment process needs to be maintained.

f) There were grave mistakes in Kannada and English versions of question papers which had resulted in confusion amongst the candidates and the same needed to be rectified.

PART-B

CONFIDENTIAL

Investigation Conducted by CID in the Present Case

During the course of investigation of the present case, the CID team has conducted simultaneous raids, searches and seizures in 11 places belonging to the 8 accused persons named in the FIR and their relatives on 03-07-2013 and 04-07-2013.

A total of more than 215 witnesses have been examined so far and a total of 173 witness statements have been recorded. Moreover, statements u/s 164 CrPC have also been recorded in respect of 8 witnesses before the concerned judicial magistrates.

Two of the accused persons were arrested on 12-07-2013 from Sangamner village, Nasik District, Maharashtra, by a team of C.I.D officers after tracking them for days together, when the fugitives changed places from Bangalore to Sangamner village via Delhi and other places.

Call details of 720 mobile phone numbers belonging to different suspects or their contacts have been analysed.

Subscriber details and Customer application forms of 118 subscribers have been analyzed and identity of mobile phone users established.

Details from 75 branches of 55 banks have been collected and analysed. Similarly, details from Inspector General of Stamps & Registration, NSDL, Income Tax dept and other sources have been collected and have been analysed/ are in the process of being analysed.

More than 337 files have been seized from the KPSC, apart from all relevant documents related to the Examination in question and they have been thoroughly analyzed.

The authenticity of the CD/DVD containing the video clip of sting operation and the voice of those accused persons caught on CD/DVD have been verified by obtaining expert opinion from the Truth Labs, Bangalore. [On the voice samples of the accused persons collected].

The Expert opinion about the marks sheets of answer scripts where over writings have been made by the KPSC, supposedly at the time of Tabulation/ re-totaling was obtained from the Forensic Science Laboratory, Bangalore.

Allegations contained in 116 petitions received were also looked into and detailed enquiry/ investigation was done.

The C.I.D investigation began with the allegations contained in the FIR. After 116 petitions were reviewed in the connection with the scam the facts contained therein were also taken note of and a more comprehensive and proportional probe was undertaken. During the course of the investigation, while the investigation commenced with the allegations made in the complaint filed in the FIR which had set the legal process into motion, but it was not confined only to the allegations made in the original complaint, leading to the registration of the FIR, rather, it was taken as the initial information and all efforts were made to conduct a comprehensive and professional probe into the whole gamut of omissions and commissions which has culminated into the present scam.

As the investigation progressed, several newer facts came to the notice of the investigation team and sincere efforts were made to look into all aspects of the selection process concerning the Mains examination and the Personality test. Though the efforts to unearth further details about all the members and their agents/ staff and others who are involved in the offence is continued, the thorough investigation carried out so far clearly and conclusively shows that large scale malpractices and unlawful acts of omissions and

commissions have been committed by the accused named in the FIR, and also those, whose names do not figure in the FIR. Some of the details of the investigation carried out so far are elaborated below;

(A) Allegations made in the FIR:

1) Allegation-

A candidate by name Dr. Mythri had alleged that she had scored 1009 (highest) marks under ST(W) category. The next candidate in the same category who had scored 937 marks was awarded with 150 marks in the personality test while Dr. Mythri who was ranked No.1 in the ST(w) category was deliberately awarded with only 75 marks and thereby she was brought to 2nd position in the list, depriving her of her right to the selection to the post of Asst. Commissioner - Revenue. Dr. Mythri further alleged that she was asked to pay bribe in order to ensure her selection to the A.C. - Revenue post by one of the KPSC members by name Dr. Mangala Sridhar. Dr. Mangala Sridhar, either directly or through her P.A. Mr. Ashok Kumar repeatedly contacted and telephoned Dr. Mythri, asking Dr. Mythri to meet her in her chambers for negotiation, through different mobile/ telephone numbers.

Findings-

It is found out during the course of investigation that before Dr. Mythri attended the personality test, one of the members of the KPSC by name Dr. Mangala Sridhar, either directly or through her P.A, was in constant contact with her and demanded a huge amount of money from her for selecting her to the post of Asst. Commissioner - Revenue in the ST (W) category, when the candidate had met Dr. Mangala Sridhar in her chambers in the KPSC. Subsequently, when Dr. Mythri expressed her inability and unwillingness to meet the illegal demands, she was repeatedly called and cautioned by Dr. Mangala Sridhar or her Personal Assistant Mr. Ashok Kumar through his own and some other phones. Further, she was cautioned by Dr. Mangala Sridhar that if the amount demanded from her was not paid, she would select Ms. Supriya Banagar who was 2nd in the list to the post of AC- Revenue. On 7th of May 2013, Dr. Mythri attended the personality test and next day she came to know that only 75 marks were awarded to her. However, even though she was suspicious, she could not believe that Dr. Mangala Sridhar would actually do as she had threatened. But on 24th of May 2013, her worst fears came true when she came to know that Ms. Supriya Banagar was awarded with 150 marks and thereby pushed up to the First rank in ST(W) Category with a difference of only two marks in aggregate. Thus, the above mentioned member Dr. Mangala Sridhar had deliberately, using corrupt means and with ulterior motives had

favoured the candidate by name Ms. Supriya Banagar, thereby depriving Dr. Mythri of her right of selection to the post of Asst. Commissioner- Revenue.

The exhaustive analysis of the mobile call details of Dr. Mangala Sridhar and Mr. Ashok Kumar with Dr. Mythri, along with the statement of Dr. Mythri and her friend Dr. Maya, recorded as per section 164 Cr.PC before the VI Metropolitan Magistrate Traffic Court on 04-07-2013 and V Metropolitan Magistrate Traffic Court on 05-07-2013 respectively and other circumstantial evidences collected during the course of investigation, as elaborated in the later part of this report, prove the allegations of Dr. Mythri.

2) Allegation-

Mr. Sudhir, AEE, BWSSB; Mr. Somanath, EE, BDA and Mr. Rajashekar, an employee of Karnataka Government Secretariat, demanded bribe and bargained the rates for the post of Gazetted Probationers with one of the candidates. That event was videographed in a sting operation conducted by TV9 Kannada channel and the same was telecast repeatedly in the TV9 channel, followed by widespread coverage in both print and electronic media.

Findings-

On 21.05.2013 and subsequently, many TV channels have broadcast an episode of sting operation recorded by TV-9 Kannada channel regarding the demand of bribe by the above said accused persons,

for the selection to the post of Gazetted Probationers. The presence of Mr. Sudhir, AEE; Mr. Somanath, AEE and Mr. Rajashekar was noticed while bargaining for the rates for various post in the stings operation. During the course of investigation, the CD/DVD of the programme was collected from TV-9 Kannada Channel authorities.

Meanwhile, when the investigation team was searching for the above said three accused persons, all of them absconded soon after the registration of the case. Mr. Sudhir and Mr. Somesh were arrested from the Sangamner village, Nasik District, Maharashtra by the Investigation team on 12.07.2013. Voice samples of these two accused and subsequently that of Mr. Rajashekhar who was granted anticipatory bail by the P. C. Act Special Court, were taken and got analyzed through the Truth labs, Bangalore.

The Experts have not only confirmed that the voice samples collected from the above three accused persons matched with the voice available in the CD/DVD, but also that the "contents of the DVD provided for examination are authentic representation of a true incident and cover a sequence of events presumably pre-edited for telecast purpose only and no editing or morphing to misrepresent the factual circumstances was detected in the chain of events per se".

In spite of the efforts made by the accused to destroy evidence by deleting information from their mobile phones and destroying their

SIM cards, the call details of above said accused persons with some of the candidates were gathered and analyzed. The above mentioned evidences and others gathered during the investigation conclusively establish the involvement of these persons in the scam.

3) Allegation-

There was a standing instruction by Mr. Gonal Bheemappa, Chairman of KPSC to award more marks to the candidates who have opted Geography as one of the optional subjects. Out of 550 candidates who had opted Geography, 150 candidates have scored more than 350 marks and about 25 candidates have scored more than 400 marks out of 600 in the subject.

Findings-

On verification of the list, 716 of the 6,205 candidates who had written the mains examination had opted for Geography as one of the optional subjects. Out of them, 571 candidates have appeared for both papers of Geography subject in the Mains examination and 165 candidates out of above 571 were called for the personality test. This fact proves that 15% of the total candidates called for the Personality test had Geography as one of the optional subjects. Hence, prima facie there is substance in the allegations which has been proved by detailed investigation done and elaborated in the subsequent part of this report.

4) Allegation-

Evaluations of Rural Development and Co-Operation papers have been done by teachers of Economics, and Anthropology papers have been evaluated by teachers of Sociology background which has resulted in awarding fewer marks to the candidates.

Findings-

The allegations are found to be true during the course of investigation. 3,618 candidates attended the Rural Development and Co-Operation paper and 614 candidates attended the Anthropology papers. While 105 lecturers/ professors of Economics subject evaluated Rural Development and Co-Operation papers, 21 lecturers/evaluators of Sociology and 5 lecturers/evaluators of Anthropology evaluated Anthropology papers. A List of 10 lecturers of Rural Development and Co-operation subject was received by the KPSC from Bangalore University but surprisingly nobody was called for evaluation by KPSC. A List of 18 lecturers/evaluators of Anthropology was received from various Universities, from which only 4 were called for evaluation by KPSC while one retired professor of Anthropology was called for evaluation. The above has resulted in very subjective evaluation thereby, favouring some candidates at the cost of others, as is elaborated in the latter part of the report.

5) Allegation-

Professors from Kannada medium have evaluated the English medium answer scripts which have caused lot of variation in the merit status of candidates.

Findings-

It is revealed that English medium answer papers were evaluated by Kannada medium evaluators and vice versa because the KPSC had not very rigidly emphasized for specialization based on medium of answer scripts. The lists of evaluators were obtained by the KPSC from different universities asking for ability to evaluate in both the languages and the competence of the evaluator concerned to evaluate answer scripts in a particular language was left mostly on them. The above practice, that too in such an important competitive examination, is likely to have resulted in improper and irrational marks being awarded to the candidates, thereby causing injustice to many of them.

6) Allegation-

Mr. Abhishek Hegde, son of Asst. Secretary of KPSC who just scraped through in preliminary examination has scored 995 marks in Mains

Examination. This was made possible by Mr. Arunachalam on active advice of Mr. Sunder, Secretary of KPSC.

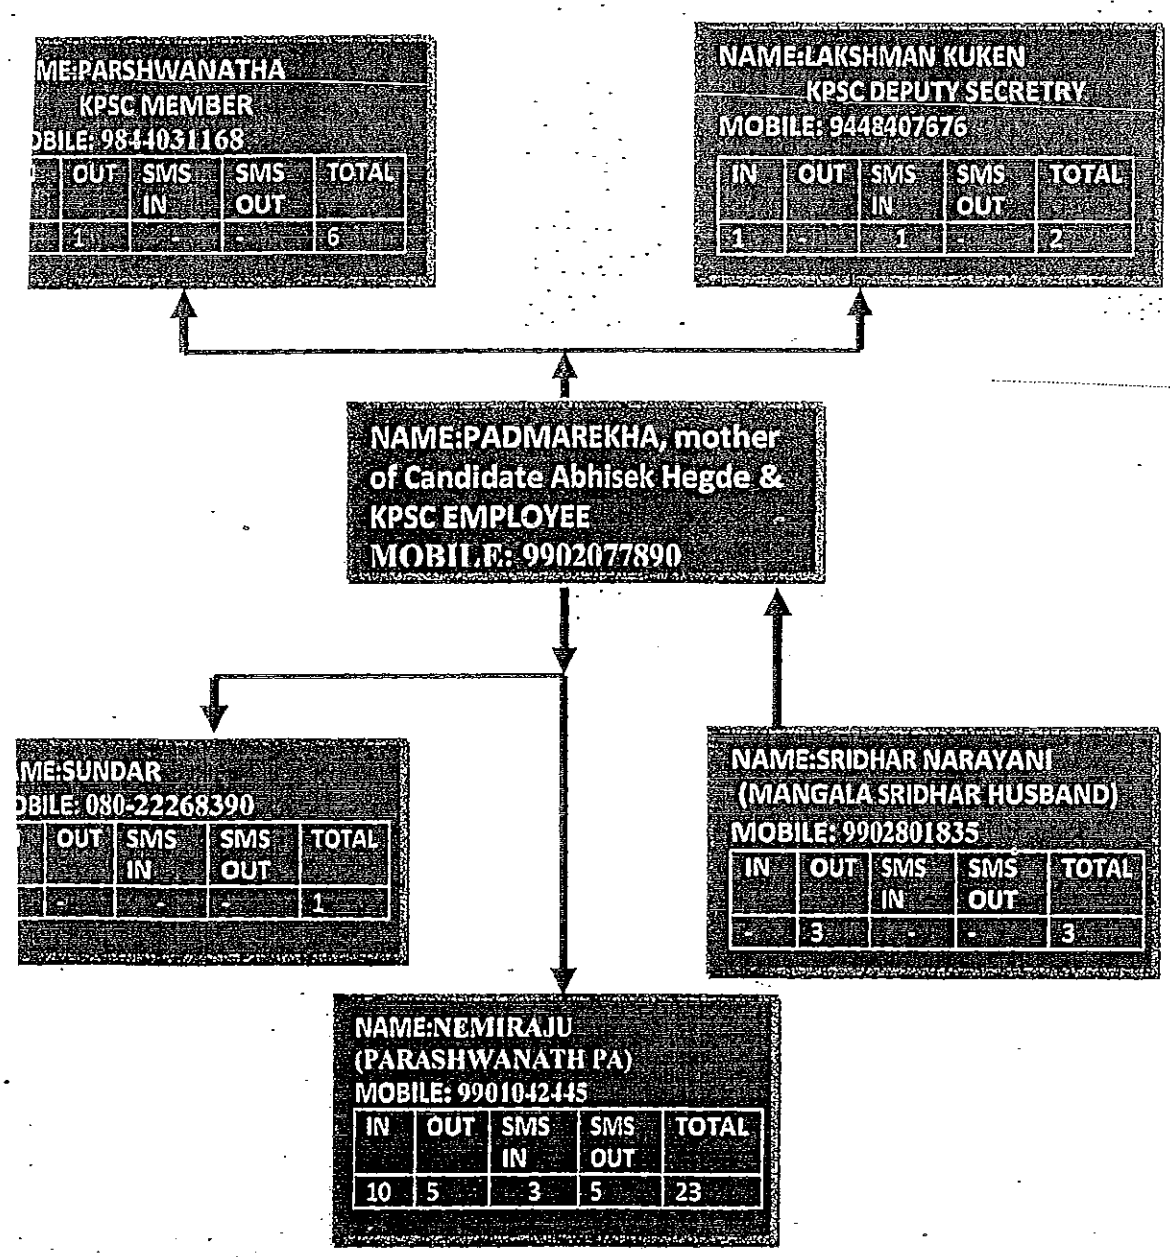
Findings-

On verification of the marks obtained by Mr. Abhishek Hegde at different stages of the examination, it is noticed that he has scored 236 marks in the preliminary test and thereby qualified. Further, he has obtained 995 marks in the main Examination and obtained 150 marks in Personality Test. The mother of the candidate Smt. Padmarekha, Asst. Secretary, Examinations-II, who is working as Asst. Secretary in the KPSC is found to have informed the commission about her ward appearing in the examination and accordingly, as mentioned by the KPSC, she was not entrusted with any responsibility connected with the present examination.

However, Smt. Padmarekha, Mother of Candidate Abhishek Hegde (Roll No 11300), is found to have contacted other Members and their Private Secretaries who are not directly connected to her work, but who are involved in selection process of KPSC Gazetted Probationers Examination-2011, as given below:

Contacts between Padmarekha, Mother of Candidate & Members/ Others

Table No. 4



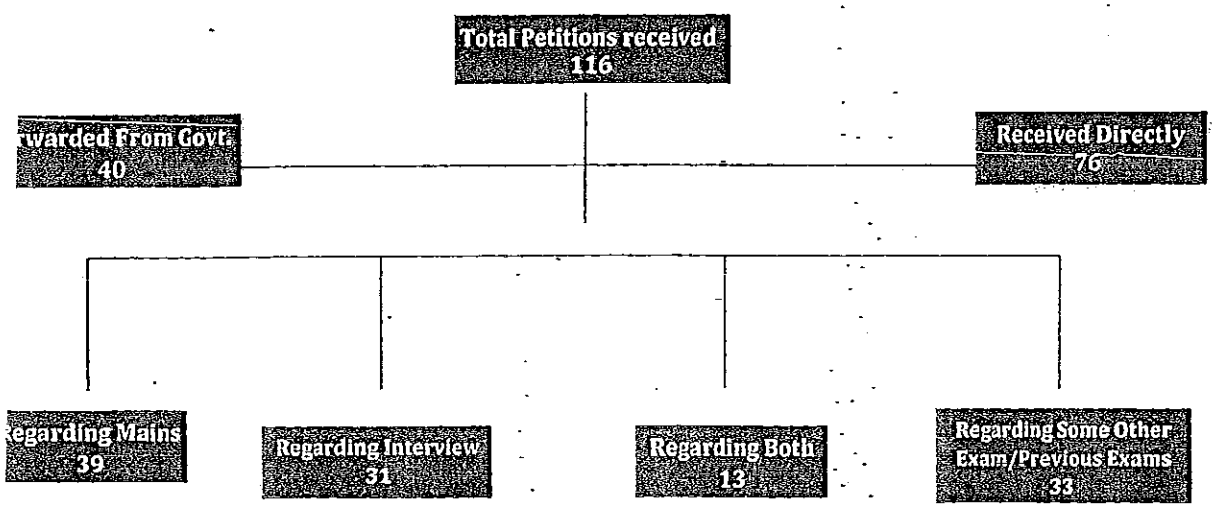
Though, there was no specific proof available in support of the above allegation against the candidate, but the above details about his mother's contacts and the marks obtained, especially in the personality test, gives rise to suspicion, which is being further looked into, specially under the given circumstance where all the members and the chairman are found to have joined in criminal conspiracy and awarded marks based on extraneous considerations.

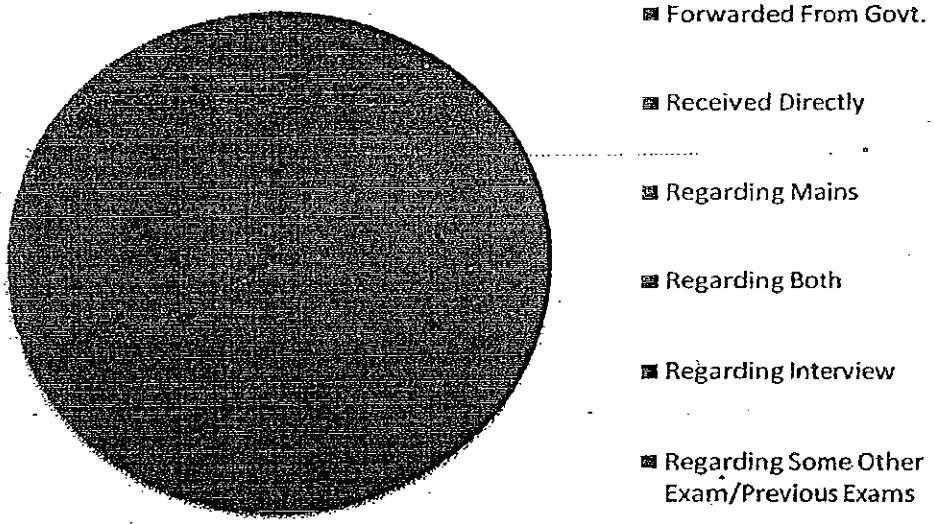
[B] Allegations of Candidates who have been examined during the course of investigation/enquiry:

The candidates of KPSC Gazetted Probationers Examination-2011 were invited to approach the investigation team to provide inputs about their allegations. Accordingly, hundreds of candidates appeared before the IO and labeled several allegations against the named accused persons and others. Moreover, scores of Petitions have been received from the aggrieved candidates/ others against the KPSC examinations of GP-2011 and also other exams. The Table No. 5 below shows the break-up of Petitions received.

ANALYSIS OF PETITIONS RECEIVED

Table No.5





Pie-Chart Showing the percentage of petitions received

7) Allegation-

During the course of personality test, irrelevant and irrational questions were put to candidates, and they were interviewed for very short periods of time. Some of the candidates alleged that though they scored highest marks in the written test they were awarded minimum marks arbitrarily in personality test since they did not take recourse to bribing the members or their agents. Some of the other candidates alleged that the members treated them improperly and asked irrelevant and silly questions and concluded their interview within a couple of minutes.

Findings-

Department of Personnel and Administrative Reforms vide its Notification No: DPAR 07 SRR94 Bangalore, Dated: 21.07.1997 has stated that

"the object of the Personality test is to assess the personal suitability of the candidate for the service or services for which he is a candidate. The qualities to be judged at the time of personality test are mental alertness, critical powers of assimilation, clear and logical exposition and balance of judgment, variety and depth of interest, ability for social cohesion, leadership and intellectual depth of the candidate".

It is found that in most of the cases, personality tests were conducted by the KPSC members not with an intension to check the above mentioned qualities. Questions were asked mostly regarding the candidates personal details, Native Place and in some cases, regarding their subjects. Some interviews were concluded in less than 5 minutes, when 3 or 4 simple questions were asked and marks given as per the whims and fancies of the interviewers or for other considerations.

A detailed analysis of the personality test of few candidates, as stated by them, is shown in Table No. 6 below:

DETAILS OF SHAM INTERVIEWS

Table No. 6

Sl. No.	Candidates' Name	Reg. No.	Date of Interview	Interviewers' Name	Duration of Interview	Questions Asked	Marks Obtained
1.	Dr.Mythri HPS	12500	10.05.2013	1. Dr. Mangala Sridhar 2. Krishnaprasad 3. Mahadev 4.Dayashankar	3 to 4 Minutes	4 to 5 Simple Questions	75
2.	Chidanandaswamy	17593	02.04.2013	1.Kaniram 2.Ramakrishna 3. Dr. Mangala Sridhar and others	3 to 4 Minutes	3 to 4 Simple Questions	50
3.	Chandrashekar Gali	12063	02.04.2013	1. Ramakrishna 2. Kaniram 3. Dr. Mangala Sridhar and others	3 to 4 Minutes	3 to 4 Simple Questions	50

4.	Parameswamar M.S	10573	18.05.2013	1. Krishnaprasad 2. Rangamurthy and others	10 Minutes	6 Questions Regarding his job, Problems of Village etc	60
5.	Ajay G.	12544	01.04.2013	1. Krishnaprasad 2.Rangamurthy and others	4 to 5 Minutes	4 to 5 Simple Questions	55
6.	Pradeep kumar	17826	17.05.2013	1. Mahadev 2. Dayashankar and others	4 to 5 Minutes	4 to 5 Simple Questions	50
7.	Sudhakar Reddy	14397	24.05.2013	1. Parshwanath 2. Krishnaprasad and another	8 to10 Minutes	Simple Questions	80
8.	Omprakash	12882	18.05.2013	1. Dr. Mangala Sridhar 2. Krishnaprasad and others	3 minutes	3 to 4 Simple Questions	60
9.	Manjunath Heggade	10488	15.05.2013	1. Krishnaprasad 2. Rangamurthy and others	8 minutes	8 to 10 Questions Regarding Persona & Other Details	50
10.	Ambarish	13406	01.04.2013	1. Ramakrishna 2. Kaniram 3. Dr. Mangala Sridhar and others	10 minutes	8 to 10 Questions Regarding Personal Details & others	80
11.	Dr.Naveenkumar DA	13904	10.05.2013	1. Gonal Bheemappa 2. Kaniram and others	10 minutes	8 to 10 Questions Regarding Personal Details & others	75
12.	Mohamad Raffiq Ganti	16109	14.05.2013	1. Kaniram 2. Dayashankar and another	8 to 10 minutes	8 to 10 Questions Regarding Personal Details & others	75
13.	Jyothi	13716	09.05.2	1. Kaniram	10	Few Questions	55

	Laxmi		013	& others	Minutes	Regarding Personal Details & others	
14.	Manjula	13279	10.05.2013	1. Dr. Mangala Sridhar 2. Krishnaprasad 3. Mahadev 4. Dayashankar	10 minutes	Few Questions Regarding Personal Details & others	60
15.	Kunal	11349	14.05.2013	1. Kaniram 2.Mahadev and another	10 minutes	Question Regarding Indochina border dispute, Mountaineering and Status of Indian Economy	70
16.	Abdul Rab	12809	01.04.2013	1. Parshwanath 2. Dayashankar 3. Krishnaprasad and another	8 to 10 minutes	Few Questions Regarding Personal Details & others	65
17.	Guruprasad	12923	08.05.2013	1. Parshwanath 2. Dayashankar 3. Krishnaprasad	5 minutes	5 to 6 Simple Questions on personal details	65
18.	Preeti Chandrashekar	12753	17.05.2013	1. Kaniram & Others	3 to 4 minutes	5 to 6 Simple Questions Regarding Personal Details & others	65
19.	Kumar	10938	10.05.2013	1. Gonal Bheemappa 2. Kaniram & Others	10 minutes	Questions Regarding Kannada Literature & Hunsur town	80
20.	Amith J.	11167	01.04.2013	1. Ramakrishna 2. Kaniram 3. Mahadev &	10 to 15 minutes	Few Questions Regarding Personal	65

				another		Details & others	
21.	Madhuchandra	11446	10.05.2013	1. Dr. Mangala Sridhar 2. Krishnaprasad 3. Mahadev 4. Dayashankar	10 minutes	Questions Regarding Education Chamarajanagara Dist & Economics	60
22.	Chennigaraju	10998	02.04.2013	1. Dr. Mangala Sridhar 2. Kaniram and others	12 minutes	8 to 9 Questions Regarding Education & Geography	55
23.	Prakash S.	13304	18.05.2013	1. Krishnaprasad 2. Dr. Mangala Sridhar and others	7 to 8 minutes	Only 3 Questions Regarding Economics & Adult Literacy after Introduction	70
24.	Bhuvaneswari Patil	10116	02.04.2013	1.Dayashankar 2. Krishnaprasad & 2 Others	10 minutes	5 Questions Regarding Personal details and Economics	65
25.	B. Vasavi	11038	02.04.2013	1.Ramakrishna 2. Dr. Mangala Sridhar & others	10 to 12 minutes	8 to 10 Questions Regarding Personal details Geography & Current affairs	55

In the above table, Simple Question means Introduction, Personal details and details regarding native place etc.

The details contained in the above table suggests that for many candidates, especially those who did not agree to the illegal demands of the Chairman or Members, the conduct of the interview was a mere formality and the marks to be allotted to them had already been decided. Paying candidates were only rewarded with high marks in the interview while the non-paying once suffered with low marks.

8) Allegation-

Some of the candidates have alleged that though they have produced the required documents at the time of personality test, they have been disqualified quoting untenable and silly reasons. They were not given an opportunity or time to produce relevant documents which is legally permissible under the KPSC rules.

Findings-

These allegations are found to be correct. Several candidates have been examined regarding this and their statements have been recorded. The detailed probe and analysis made in this regard is given in the Table No. 7 below:

DIFFERENT CANDIDATES TREATED DIFFERENTLY

Table No. 7

Sl. No.	Candidates Rejected	Candidates Permitted
1.	Manjanaik R.No-10721 had produced Reprinted copy of caste certificate along with original copy of different date.	1. Shilpa Bajantri R.No.14046 has produced re-printed caste certificate of different date 2. Shilpa. D R.No.12787 has produced re-printed caste certificate of different date
2.	Chikkasiddaiah.M.S R.No.14129 had produced NOC, but it was rejected quoting reason that NOC had been issued after the last date.	1. Mohankumar.H.R, R.No.11209 had produced NOC at the time of interview, but had not submitted NOC along with application form. 2. Mangala.B, R.No.11275 had produced NOC at the time of interview, but had not submitted NOC along with application form.

During the personality test, 27 candidates who did not produce concerned reservation certificates were allowed to attend the interviews in other categories/ General merit. Among them, one candidate Mr. Ambresh with Reg. No. 13406 was allowed to attend the interviews under General merit for not producing Cat-1 certificate even though he did not have the cut off marks in Preliminary examination which was required to write main examination under GM. This is highly illegal and irregular.

9) Allegation-

Various Petitions were received against a candidate by name Nitin Chakki alleging that he had indulged in malpractices in Mains Examination as well as Personality Test.

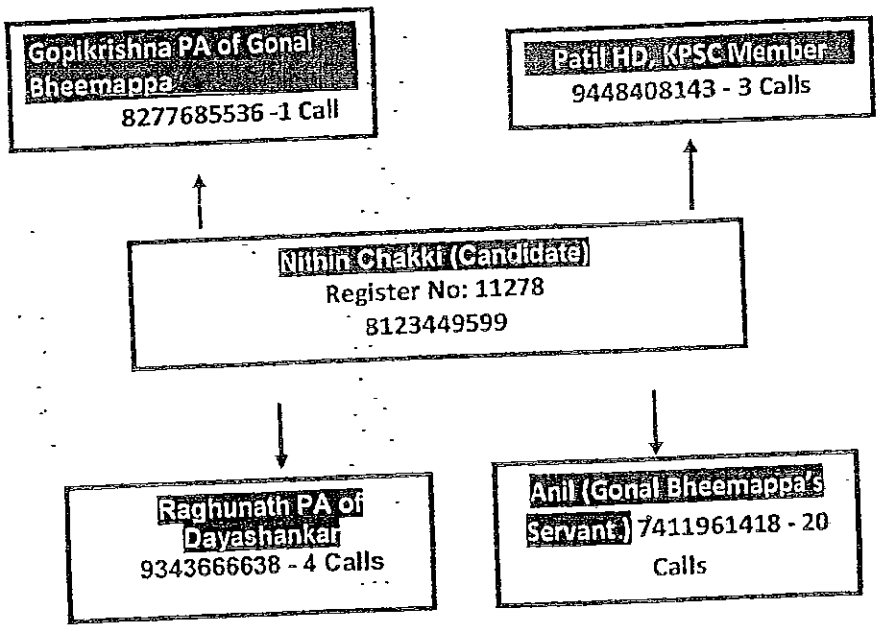
Findings-

A thorough investigation was conducted regarding the allegations made in the Petitions and the call details of the candidate/ his father were analysed.

Analysis of Mobile no. 8123449599 which is issued in the name of Mr. Chakki. M.C father of Nitin Chakki, but was used by Nitin Chakki, reveals the following contacts with the Chairman, Member and others in the KPSC.

CALL DETAILS OF NITHIN CHAKKI

Table No. 8



Nitin Chakki is found to have contacted some of the members and staff of KPSC and servant of the Chairman Gonal Bheemappa by name Anil and has been awarded 1067 marks in the Mains Examination and 150 marks in the Personality Test. Moreover, the caste certificate submitted by the candidate mentions the annual income of the family to be only Rs.1,20,000/- in spite of both the parents being retired doctors. The matter is being further probed.

10) Allegation-

There was an allegation made in the media and petitions about the fact that 4 candidates by name Ms. Vandana Bhat, Ms. Bhavana Bhat, Mr. Suraj A. R. and Mr. Sumeeth A. R. of single family were awarded very high marks in the Mains Examination and Personality test and that all 4 are figuring in the probable list of successful candidates.

Findings-

During the course of investigation, performances of these candidates in previous examinations were analysed. It is found that they had appeared for previous KPSC and UPSC examinations regularly and cleared some of them. The allegation that all of them were seated in the same room during Mains examinations is false and actually all of them were seated in different rooms. The Table No. 8, given below shows the available details of performance of the above candidates in previous examinations taken by them;

Details of candidate Ms. Bhavana Bhat

Table No. 9

Sl. No	Name	Examination	Year	Prelims	Subject	Mains	PT	Total	Post selected
1.	Bhavana Bhat	UPSC	2009	Qualified	Geography & Pub. Ad	Not qualified			
2.	Bhavana Bhat	UPSC	2010	Not Qualified					
3.	Bhavana Bhat	KPSC	2006	Not Qualified					
4.	Bhavana Bhat	KPSC	2008	Qualified	Geography & Pub. Ad				
5.	Bhavana Bhat	KPSC	2010	Qualified	Geography & Pub. Ad	902	140	1042	State A/c dept.
6.	Bhavana Bhat	KPSC	2011	Qualified	Geography & Pub. Ad	1016	140	1156	Probable list.

Details of candidate Ms. Vandana Bhat

5.	Suraj.A.R	KPSC	2011	Qualified	Geography & Pub. Ad	1089	150	1239	Probable list.

Details of candidate Mr. Sumeeth A. R.

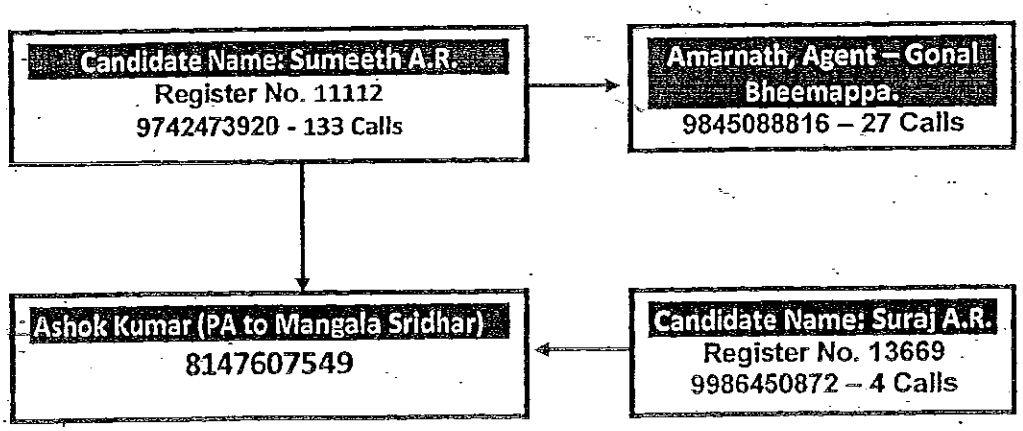
Table No. 12

Sl. No.	Name	Examination	Year	Prelims	Subject	Mains	PT	Total	Post selected
1.	Sumeeth.A.R	UPSC	2011	Not Qualified					
2.	Sumeeth.A.R	KPSC	2010	Not Qualified					
3.	Sumeeth.A.R	KPSC	2011	Qualified	Geography & Pub. Ad	1023	150	1173	Probable list.

Call Analysis of mobile phone numbers of Mr. Sumeeth A. R. and Mr. Suraj A.R. shows the following linkages with Mr. Ashok Kumar, P.A. to member, Dr. Mangala Sridhar.

Call Details of Candidates Sumeeth A R & Suraj A.R

Table No. 13



The above details show that both Mr. Sumeeth A. R. and Mr. Suraj A. R. have repeatedly contacted Mr. Ashok Kumar, P.A. to Dr. Mangala Sridhar. It is also found that all of them have taken both UPSC and KPSC exams with the same subject combinations with mixed success. The allegation that the above candidates wrote the exams in the same room etc is not corroborated. However, one of the four candidates Ms. Vandana Bhat secured 150 marks in the interview board of Dr. Mangala Sridhar, with whose P.A, both Mr. Sumeeth and Mr. Suraj were found to be continuously in touch. The same candidate had secured 143 marks in the last KPSC interview and is presently serving as CTO with the Govt. of Karnataka. The allegations are being probed further.

11) Allegation-

Some of the candidates have alleged that agents of the KPSC Chairman/ Members demanded illegal gratification with high stakes and alternatively, bargained for the marriage of girls of their kith and kin.

Findings-

During the course of investigation, some of the candidates in their statements have alleged that the agents of KPSC chairman/ members demanded high amount of illegal gratification for their selection to different posts. Wherever, the candidates were unable to pay the

amount, alternatively, the Chairman/ Members or their agents pressurized the candidates to marry the girls of their kith and kin. In the event of candidates not meeting their demands of either cash or kind as stated above, they were awarded low marks in the interview irrespective of their performance.

One of the instances of such suspected dealing is alleged in the Engagement between Ms. Amrutha (D/O Mr. Amarnath, agent of Mr. Gonal Bheemappa) and Dr. Govardhan Gopal, a candidate who got 150 marks in Interview and who is in Probable Selection List. (Register No. 13717, Category 2A, Main Exam Marks 1027 and Interview Marks 150, Total 1177). The above mentioned engagement was held on 03/06/2013 at Hotel Le Meridien, Bangalore and it is alleged that Mr Gonal Bheemappa was instrumental in the candidate securing 150 marks in the interview in return of his marriage with the daughter of his main agent Mr. Amarnath. Though there is no direct evidence for the above allegation, though the chances of it being true are highly probable.

12) Allegation-

Some of the candidates alleged that before the conclusion of re-totaling process, personality test was commenced which has resulted in the deprivation of their right of selection to the eligible post.

Findings-

During the course of investigation, it is found that, as alleged by some of the candidates, the personality tests were commenced even before the announcement of re-totaling of marks. Further, it is noticed that before the conclusion of re-totaling process, the KPSC had fixed the cut-off marks in each category and commenced the personality test. As explained in Table No. 14 below, a total of 929 applications for re-totaling was received. But without availing the services of local evaluators needed for the evaluation of questions which were left out while allotting marks at the time of evaluation of mains answer scripts, the re-totaling of marks were attended surprisingly by 30 employees of KPSC itself. **It is further ascertained that out of the above 929 applicants, after re-totaling, marks of 320 candidates were found to have increased, marks of 45 candidates were reduced and that of 553 candidates remained unchanged. Apart from the above, there are 4 candidates who have qualified for the interview after re-totaling but their interview is yet to take place.**

According to the KPSC (Functions) (Amendment) Rules, 1986, there is a provision for re-totaling of marks on the request of candidates after the declaration of results, for which, KPSC is mandated to provide 60 days time to candidates from the date of publication of result, in this case it

was 16-03-2013, for making an application for re-totaling of marks. However, for the above purpose, it is on record of the KPSC that only 12 days time was given by the KPSC from 17-03-2013 to 26-03-2013. The applications of 7 candidates who had applied for the re-totaling of their marks remained pending, yet, the KPSC commenced the process of personality test which has resulted in denial of rights of the candidates.

A comparative figure of the period of personality test vis-a-vis the period fixed for re-totaling of marks during the last four G.P exams is given in Table No. 14 below:

Re-totaling details in various G.P Exams

Table No. 14

Sl. No.	Years	Date Fixed for Re-Totaling Date	Total No of Applications received for re-totaling	Date of Endorsement given to candidates	Date of personality test held
1	Gazetted Probationers-2006	10.01.2007 to 26.01.2007 (17 days)	727	17.09.2007	12.11.2007 to 23.11.2007

2	Gazetted Probationers-2008	21-10-2009 to 07-11-2009 (18 Days)	432	13-11-2009, 16-11-2009, 18-11-2009 (3 Batches)	06.01.2010 to 23.01.2010
3	Gazetted Probationers-2010	20-04-2011 to 03-05-2011 (14 Days)	858	31-05-2011 & 04-07-2011	27.05.2011 to 14.06.2011
4	Gazetted Probationers-2011	16-03-2013 to 27-03-2013 (12 Days)	929	17-06-2013 & 19-06-2013	01.04.2013, 02.04.2013 to 07.05.2013, 27.05.2013

It is evident from the Table above that in the G.P exams of 2006 as well as in 2008, the process of re-totaling was completed and results were declared well before the commencement of the Personality Test, in case of G.P exam of 2010, it was done partially but in the present G.P exam of 2011, the KPSC was too impatient to wait for the re-totaling results and went ahead with the fixing up of the cut-off marks in each category and completed the process of personality test even before the first result of re-totaling was declared.

However, on a more closer look into the outcome of the process of re-totaling done by the KPSC, the following interesting points have come to light;

- 24 candidates obtained more than 10 additional marks,
- 9 candidates above 20 additional marks,
- 11 candidates above 30 additional marks,
- 3 candidates above 40 additional marks,
- 3 candidates above 50 additional marks, and,
- 1 candidate got 84 additional marks.
- In case of 45 candidates the marks were reduced after re-totaling.

The Table given below shows the gist of outcome of the process of re-totaling done by the KPSC.

OUTCOME OF RE-TOTALING

Table No. 15

Total Applications received	Total no. of Applications attended	No. of Applications Pending	Candidates with No change in marks after Re-totaling	No. of Candidates with enhanced marks and who have Benefited after re-totaling.		No. of Candidates with reduced marks after Re-totaling	No. of Candidates selected in probable list after Interview
929	922		553	320 + 4		45	
				Candidates in Interview list	Not Qualified for Interview		08
				44 + 4	276		

From the table above, it is found that out of the 324 candidates for whom the marks have increased after the re-totaling, 276 candidates did not qualify for the interview itself. In case of 44 candidates who had already qualified for the interview, the additional marks benefitted them such that 8 of them find their names in the probable list of candidates who may be selected by the process conducted so far.

The KPSC has put itself in a very unusual circumstance where, 4 more candidates have now qualified for the interviews, after the entire process of personality test has been completed.

Another evident source of concern from the above revelations is the fact that 8 candidates in the interview list have further benefitted by the above process conducted by the KPSC and now figure in the likely select list. Hence, a thorough analysis of the above 8 candidates and their call details was conducted which revealed the following facts enumerated in Table No. 16 below:

Details of 8 Beneficiaries of Re-Totaling

Table No. 16

Sl. No.	NAME	REG. NO	MARKS OBTAINED IN MAINS	MARKS AFTER RETOTALING	INTERVIEW MARKS	CONTACT DETAILS
1	MOHAN. R	14159	1021	1022	150	No details from the No declared to KPSC.
2	VASUDEV	17623	977.50	986	145	1 out going call to H.D.Patil(member). 2 outgoing calls to Gopi Krishna (Gonal Bhemappa PA).
3	K.P.SUBBAIAH	14023	924	981	140	No details from the No declared to KPSC.
4	HARISH. T.	17105	932	935	150	No details from the No declared to KPSC.
5	GOPAL	16950	892	895	150	8 outgoing calls to Kanniram(member). 6 incoming calls from Kannirm (member). 9 out going sms to Kanniram (member).
6	SHREESHAIL SOMANKATTI	16255	928	929	115	--
7	SHANKARANAND BANASHANKARI	14371	961.50	968	70	1 outgoing sms to Gonal Bheemappa.
8	ANAND KUMAR.G.	10066	765.50	768.50	150	--

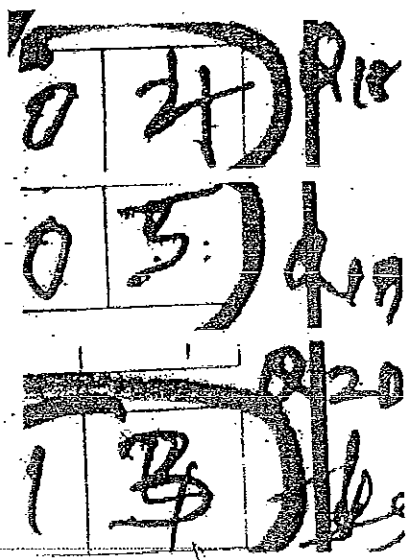
The above table clearly shows that some among the above eight candidates were in touch with different members and who appear to have influenced the process of re-totaling and also favoured them in the interview. The marks sheets of some of the candidates benefitted due to re-totaling were minutely examined and it was found that the numbers have been altered at the time of re-totaling/ tabulation, which has been corroborated by the opinion of the FSL.

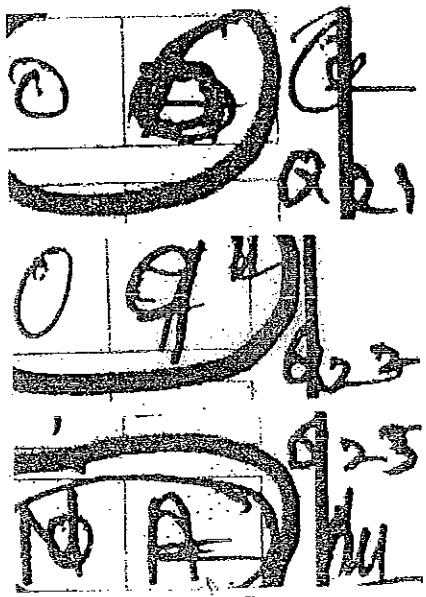
FSL report-

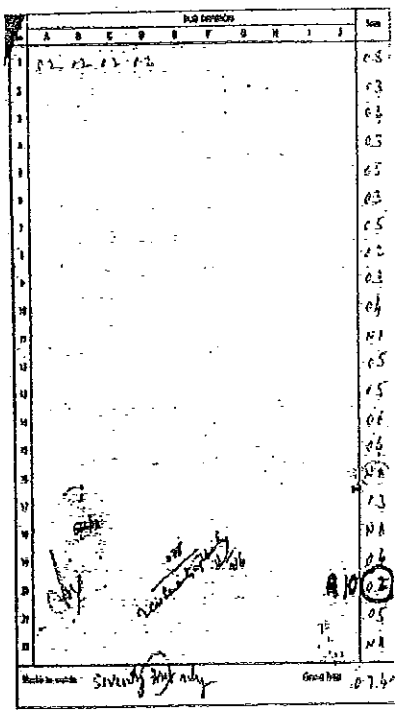
It has been opined in the FSL Report that "the alterations, additions & overwriting are made in different ink".

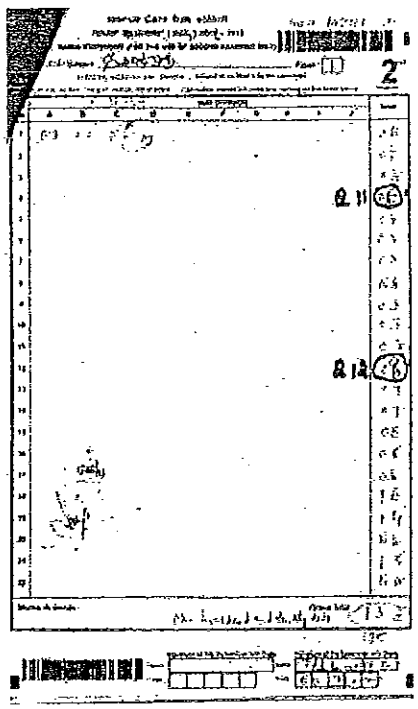
Scanned copy of two such enlarged screen shot prepared by FSL for analysis and original Marks Sheet is given below.

Alteration of Marks during Re-Totaling









[C] *Details of Irregularities and Illegalities committed by the KPSC in the Mains evaluation and Personality tests unearthed and evidences collected during the course of Investigation:*

In addition to the specific allegations made by the candidates/ others, either in the FIR or in their petitions or in person, several records of the KPSC were also seized by CID. Detailed investigation into the above exhibits the following illegalities and irregularities:

I. Gross Malpractices in the conduct of Mains Examination Evaluation-

1) During the course of the investigation, it is found that the answer scripts were examined by the professors/ evaluators whose names do not even appear in the list recommended by various universities/ authorities. From the records available, it is seen that the KPSC has requested the universities/authorities to recommend the name of qualified evaluators in various subjects. In response to the requisition, many universities/ authorities have sent the panel of valuators for various subjects. Though more than sufficient numbers of evaluators were available in the panel, the KPSC authorities have chosen to take the services of pliable retired professors as well as

unqualified evaluators from degree colleges for evaluation of answer scripts. The analysis shows that a total of as many as155 evaluators used by the KPSC for the evaluation of mains answer scripts do not figure in the list of evaluators recommended by various universities. That has resulted in lenient evaluation to the benefit of some of the candidates whom the authorities in the KPSC wanted to benefit at the cost of others. Eg., In Geography paper alone, evaluation was done by 15 evaluators whose names were not present in the list provided by the universities, including two retired evaluators. 47 candidates evaluated by these illegally chosen evaluators are expected to get selected in the probable selection list.

The Table No. 17 shows the list of the number of evaluators who were available with the KPSC and the numbers of those actually called by KPSC for evaluation:

Details of Evaluators appointed by KPSC

Table No. 17

Sl. No.	Optional Subjects	Total No. of Evaluators' List sent from various Universities	Total No of Evaluators Attended	Evaluators Attended From Universities	Evaluators Attended from Recognized Colleges outside University lists. 	Part-C Statistics						
28	General Studies Paper-2 Part-4 Science and Technology	1047	45	36	[redacted]	[redacted]	19
TOTAL		13663	794	639	[redacted]	[redacted]	266

The above table clearly exhibits the following facts;

- In most of the subjects, KPSC had enough evaluators from different Universities/ authorities to choose from.
- However, in most of the subjects they have preferred to call evaluators of their choice outside of this list in order to manipulate and commit malpractice.
- In some subjects, they have even called retired professors for evaluation.
- There are several evaluators who are called repeatedly in every examination.
- In Rural Development subject, even though 10 evaluators were available, not a single one was called for evaluation. All papers were evaluated by teachers from the Economics department !
- In Anthropology paper - 1, though 633 answer scripts had to be evaluated, only 5 evaluators were requisitioned when a list of 18 evaluators was available. Out of the five requisitioned,

three retired professors were utilized in Paper - .1. All the answer scripts of Paper – 2 were evaluated by Sociology professors !!

- In Chemistry, out of a list of 1047 available professors/ evaluators, not a single one was called and **only two retired** professors were called, who conduct the evaluation repeatedly in G.P examinations.
- Though, it is a norm that in case of variation of marks is found to be more than 45 between 1st and 2nd evaluator, the paper shall be referred for 3rd evaluation but in **Physics, Geology, Chemistry and Electrical Engineering, only 2 evaluators each were utilized,** even when hundreds of others were available in the offer list.

2) The existing rules are silent in respect of double valuation and presently a third valuation is done only in case of difference of 45 or more marks in the binary valuations as a matter of convention.

3) Subsequently, during tabulation / re-totaling of marks, even overwriting of marks entered by the evaluators using different ink is evident, which is corroborated by the FSL report. Thus it is found that the process adopted by KPSC for valuation of answer scripts and re-totaling of marks is completely irrational and unscientific with enough scope for malpractice. The KPSC has converted Binary

evaluation into Singular evaluation in case of certain candidates, during Tabulation/ re-totaling.

4) The comparative data furnished by the KPSC vide letter No. E(1)2169/13-14 dated 02-08-2013 in respect of GP exams conducted in the years 2008, 2010 and 2011, relating to the time taken for the evaluation of papers vis-à-vis number of candidates and number of evaluators given in Table No. 18 below reveals the following:

Evaluation of More answer scripts with Less Evaluators & In Least No of Days – Hurried Evaluation

Table No. 18

Sl. No.	Year	No of Posts	Candidates Attended	No of Answer Scripts	Total No of Evaluators	Evaluation commence-ment date	Evaluation ended date	No of days taken
01	2008	141 Posts	2190	17520	429	15-07-09	20-10-09	98
02	2010	268 Posts	4306	34448	846	10-01-11	17-04-11	96
03	2011	362 Posts	6205	49640	795	22-12-12	16-03-13	85

Even a cursory look into the above facts reveal how KPSC was in a tearing hurry to somehow complete the evaluation process in

order to finally complete the selection process within the tenure of the then Chairman Mr. Gonal Bheemappa.

5) Confronted with widespread allegations and considering the constraints of time and expertise, there was a need for rational sampling to undertake a probe into the evaluation process adopted by the KPSC, in order to carry out selective evaluation. Considering the fact that KPSC has a system of Sample answers being provided to the evaluators, the chances of 3rd evaluation, i.e., cases where the difference is more than 45 marks or 15% shall generally not arise or shall not be too many. However, while looking into the Percentage difference between 1st/2nd and 3rd evaluation of Mains Examinations Marks of some of the candidates where 3rd evaluation was done by KPSC and analyzing the same, the following details given in **Table No. 19** emerge;

Possible Misuse of 3rd Evaluation System

Table No. 19

	Percentage difference between 1st/2nd and 3rd Evaluation								
Sl. No.	Reg. No	Candidate	Subject	Paper No.	1st Evaluation	2nd Evaluation	3rd Evaluation	Final Marks	% difference between 1st/2nd evaluation & 3rd evaluation

		KUMAR SHETTY	ology						%

The Above list shows that

In 94.23 % of cases the 3rd evaluator has given more than either 1st or 2nd evaluator

In 44.23% of cases the percentage of difference between 1st/ 2nd and 3rd evaluators is more than 50 %

In 7.69% of cases the percentage of difference between 1st/2nd and 3rd evaluators is more than 100 %

In 3.84% of cases the percentage of difference between 1st /2nd and 3rd evaluators is more than 150 %

In 1.92 % of cases the percentage of difference between 1st / 2nd and 3rd evaluators is more than 200 %

6) The above analysis gives an idea that there was something amiss in the process of evaluation. A Subject-wise detailed analysis with respect to certain subjects where maximum allegations were received, was therefore undertaken. Certain papers were selected for evaluation by experts called from Bangalore and Mysore Universities. The subject wise analysis about performance in these subjects is given in Table No. 20 to Table No. 27 below:

	marks in main examination.	
7.	No of Candidates Secured more than 400 marks in main examination.	-
8.	No of Answer Sheets Selected for revaluation by Experts at CID.	20

Table No.25

Sl. No.	Optional Subject-Psychology	Total Numbers
1.	No of Candidates Applied	167
2.	No of Candidates Appeared for main examination	145
3.	No of Candidates Appeared for Personality test	37
4.	No of Candidates Secured 150 marks in Personality test	10
5.	No of Candidates Secured more than 350 marks in main examination.	6
6.	No of Candidates Secured more than 375 marks in main examination.	1
7.	No of Candidates Secured more than 400 marks in main examination.	1
8.	No of Answer Sheets Selected for revaluation by Experts at CID.	20

Table No. 26

Sl. No.	Optional Subject-Kannada	Total Numbers
1.	No of Candidates Applied	2274
2.	No of Candidates Appeared for main examination	1st 1997 2nd 1989
3.	No of Candidates Appeared for Personality test	408
4.	No of Candidates Secured 150 marks in Personality test	82
5.	No of Candidates Secured more than 350 marks in main examination.	105
6.	No of Candidates Secured more than 375 marks in main examination.	66
7.	No of Candidates Secured more than 400 marks in main examination.	29
8.	No of Answer Sheets Selected for revaluation by Experts at C.I.D.	30

Table No. 27

Sl. No.	Optional Subject-General Studies Paper 1-2	Total Numbers
1.	No of Candidates Applied	1st 6883

		2nd 6883
2.	No of Candidates Appeared for main examination	1st 6169 2nd 6143
3.	No of Candidates Secured 150 marks in Personality test	227
4.	No of Candidates Secured more than 350 marks in main examination.	-
5.	No of Candidates Secured more than 375 marks in main examination.	-
6.	No of Candidates Secured more than 400 marks in main examination.	-
7.	No of Answer Sheets Selected for revaluation by Experts at C.I.D.	24

7) Thus, the answer scripts of about 143 candidates who have either scored disproportionately high marks in the main examination and/ or personality test and also of those candidates against whom complaints of malpractices were made, were taken up for evaluation by the experts as part of investigation using the following norm;

- **Either scored highest marks in main examination/ Interview.**
- **There were specific allegations.**
- **Scored more than 390 marks in the Geography optional subject.**

- Candidates who had contacts with KPSC Members or Officials or evaluators during that period.
- Candidates who scored highest marks in the main examination and interview and belonged to the single family.

8) Requests were made to the Registrars of the Bangalore and Mysore Universities to spare the services of Experts who are at least Associate Professors, but preferably, Professors or Head of the Departments and those who have not participated in the evaluation of the Mains examination of G.P examination of 2011. The Details of Experts provided to CID by Bangalore and Mysore Universities is given in Table No. 28 below:

Details of Expert Evaluators Deputed by Universities

		2nd	135	199	178	188.5	104	+81.25 %

The above details clearly show that the difference between the sample evaluation and the evaluation done by KPSC is much beyond the reasonable limits of probability and are a result of unscientific and faulty evaluation process coupled with possible corrupt practices adopted by the Chairman, Members and Officials/ Staff of KPSC.

9) Therefore, there was a strong need to examine the linkages between the suspected beneficiaries and the benefactors and hence the possibility of collusion between the candidates and Chairman/ Members or the Evaluators had to be probed in details. In spite of constraints of not having the contact details of many of the candidates and the fact that they may have used several other numbers/ means to contact, the limited available means of known contact numbers of Chairman/ Members, Candidates and the Evaluators were examined in details and as has been suspected, a very unholy nexus seems to be reflected out of the following analysis of contact details given in Table No. 40 to Table No. 42 which are only a few of several such contacts unearthed during the investigation, as given below;

UNHOLY NEXUS BETWEEN EVALUATORS & CANDIDATES

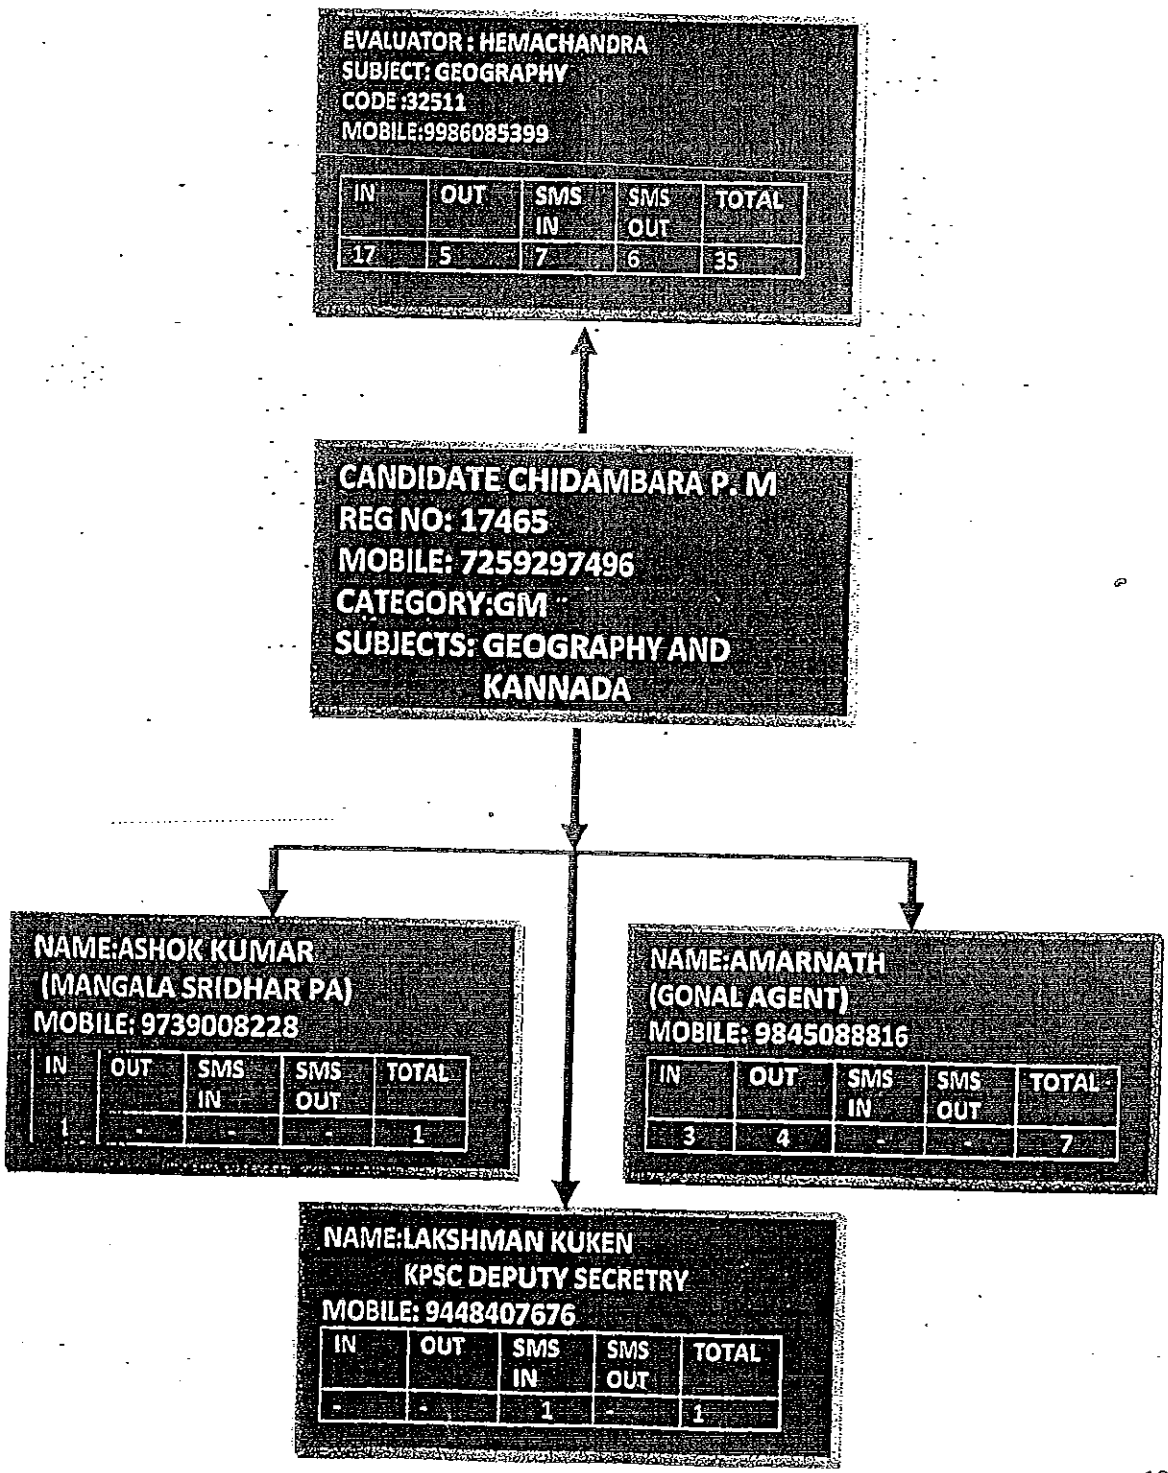
1) CONTACT BETWEEN EVALUATOR AND CANDIDATE

EVALUATOR NAME	HEMACHANDRA
SUBJECT	GEOGRAPHY
EVALUATOR CODE	32511
MOBILE NO	9986085399

CANDIDATE NAME	CHIDAMBARA P M
REG NO	17549
SUBJECT	KANNADA & GEOGRAPHY
MOBILE NO'S	7259297496

UNHOLY NEXUS BETWEEN
EVALUATOR – CANDIDATE – MEMBER'S P.A

Table No. 40



The above table clearly shows that the above candidate was in contact with the Geography Evaluator by name **Hemachandra** (Code: 32511) during the crucial period of evaluation between 25-12-2012 to 13-05-2013, which suggests that there exists a nexus between the Evaluators and Candidates, which needs to be probed further.

UNHOLY NEXUS BETWEEN EVALUATORS & CANDIDATES

2) CONTACT BETWEEN EVALUATOR AND CANDIDATE

UNHOLY NEXUS BETWEEN

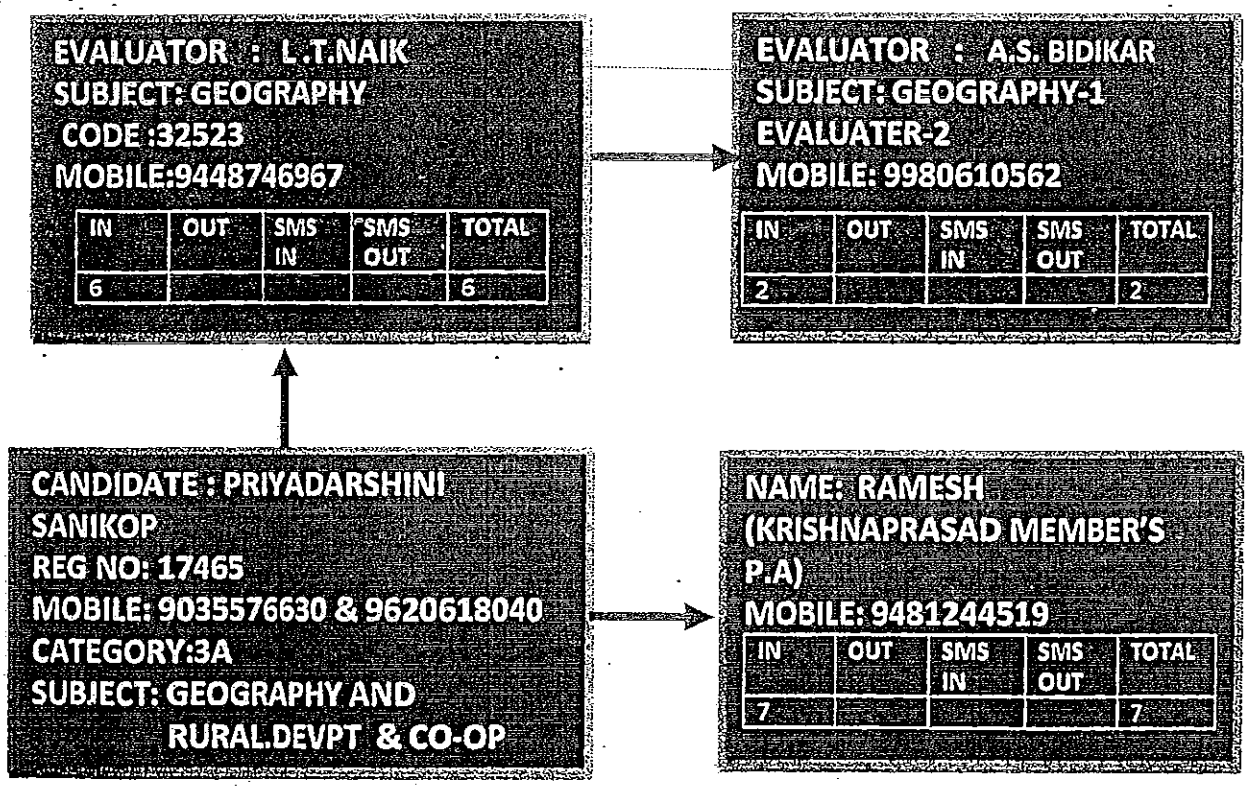
EVALUATOR - CANDIDATE AND MEMBER'S P.A

Table No. 42

EVALUATOR-CANDIDATE-MEMBER CONTACT DETAILS



The above table again shows that the candidate Priyadarshini Sanikop was in contact with the Geography Evaluator by name **L.T.NAIK** (Code:32523) during the crucial period of evaluation between 20-02-2013 to 04-05-2013, apart from having contact with P. A. of a member, which further corroborates that there exists a nexus between the Evaluators and Candidates, and KPSC.

10) As is evident from the detailed analysis of unholy nexus amongst the Chairman- Members – their agents - Officials – Candidates – Evaluators, the entire process of evaluation of mains answer scripts appears to have been vitiated by unlawful acts of omissions and commissions by the accused persons committed wantonly. Malpractice starts with the process of Evaluators ordered by the Chairman and carried out by the Secretary and other accused. The net result of the above is the subject wise skewed representation of candidates in the probable list of selected candidates. The subject-wise comparison of the candidates from the stage of Mains Examination, Interview and Probable Selection List (as has been arrived from the available information), taking into account the number of Papers in each subject, which is given in **Table No. 43** below explains the inference in more details;

DISPROPORTIONATE SHARE OF SUCCESS FOR A FEW SUBJECTS

Table No. 43

Subject wise Comparative Statistics

From the above list, it is seen that candidates who had opted for subjects like Geography, have been disproportionately over-represented [redacted] in comparison to other subjects like Political Science [redacted]. It also justifies the claim that the candidates opted for Geography as a

subject at the instance of the Chairman and other Members. Therefore, the allegations that candidates appearing in these subjects were favoured stand sustained.

II. Gross Malpractices in the conduct of Personality Test-

1) The malpractices and malefactions committed by all the Members and the Chairman of KPSC through their agents and Officials/ staff in the Personality test were even more overtly and wantonly executed. The desperations on the part of the KPSC made them to proceed with the Personality test in spite of repeated advice and caution by the Government and Election Commission on account of the declaration of Assembly Elections and resultant model code of conduct. Records seized during the course of investigation reveal that the notification for the KPSC recruitment was published in the year 2011. After the preliminary examination, the main examination was held in December 2012 and the results of main examination were published on 16.03.2013. It is pertinent to note that model code of conduct was enforced from 20.03.2013. Following announcement of assembly elections, there was a clear direction to the KPSC by the Government and Election Commission to not to hold the personality test. It is evident in the letter written by the Chief Electoral Officer addressed to the Karnataka Government at Para

No.11 about the restriction on the conduct of interview. Based on the above said letter, the Principal Secretary to the Government, DPAR had written a letter to the Secretary, KPSC calling his attention to the contents of Para No.11 of the said letter. The documents collected during the course of investigation further reveal that KPSC has violated the directions issued by the Government and continued with the conduct of the interview on 1st and 2nd of April 2013. Ultimately, on 02.04.2013, the Principal Secretary to the Government, DPAR issued a very strongly worded letter to the Secretary, KPSC cautioning him of stern action, if the violation of the code of conduct continued and consequently the KPSC was forced to postpone the personality test.

2) However, the Chairman and the member, more specifically the Chairman was desperate to somehow resume the personality test at the earliest as he was due to retire on 10-05-2013. Meanwhile, Smt. **Geetha D.M.**, a candidate who had appeared for the competitive examination approached the Hon'ble KAT, Bangalore seeking for quashing of the order of postponement of personality Test. The Hon'ble KAT has disposed of the application No: 2197/2013 on 02.05.2013 leaving the matter to KPSC to re-schedule the interview dates.

3) In this connection, KPSC engaged the services of a private Lawyer by name P.S.Rajagopal and paid a sum of Rs. 2,07,000/- as remuneration. It may be a mere coincidence that the lawyers for the petitioner as well as the lawyer for the KPSC argued almost on the same lines. However, the fact that the same petitioner candidate Ms. Geetha D.M was awarded 150 marks in the interview cannot be dismissed as a coincidence because she/her husband were also in constant touch with Mr. Amarnath (129 calls/SMS), who was the prime agent of the Chairman Mr. Gonal Bheemappa.

4) Before the Hon'ble KAT, the Press Release of KPSC postponing the interviews was challenged and further prayer was made to quash 3 letters received from the government. Actually, it was the KPSC counsel who had submitted before the KAT that the interview would be rescheduled at the earliest and the application was dismissed. Subsequently, KPSC interpreted the order to suit their requirements and commenced the Personality test before the retirement of Chairman Mr. Gonal Bheemappa. Moreover, KPSC had no other examination scheduled in near future to necessitate the urgency shown by it. Therefore, it is very well evident that the actual reason for the KPSC to somehow commence the interview was triggered more by the fact that the tenure of the Chairman Mr. Gonal Bheemappa was about to end soon, than anything else.

5) It is seen that the interview dates were re-scheduled hurriedly, **without even providing reasonable time to the candidates.** A minimum of ten days time is expected to be given to the candidates to attend the interview as stipulated in the Manual. But in this case, KPSC has chosen to inform the candidates having their interviews in the first three days through Phonogram and somehow comply with the requirement to inform the candidates. It will not be surprising if the reason for at least some of the 11 candidates out of total 46 candidates who have not appeared in the interviews even after qualifying for the same and whose interview dates were re-scheduled on the first 3 days of rescheduled interview, is attributed to these reckless and desperate measures of giving only 3 days time to resume interviews and intimating candidates through Phonogram adopted by the KPSC.

6) Regarding the actual overt and covert acts of illegal omissions and commissions by the Chairman, Members, their agents and Officials in furtherance of their pernicious designs to offer posts for cash or kind, it has become more of a common knowledge rather than some secret deal stuck with stealth. The Chairman and the Members were desperately establishing contact with the candidates directly or through their agent/ PA's etc and striking deals. The analysis of the call details of almost all the Members and the Chairman bears testimony to the fact that they were repeatedly and constantly in touch with the candidates/ their relatives till the deal was either

stuck or did not materialize. The agents were let loose to prey upon deserving, gullible and **desiderate** candidates to lure them to pay up or face the consequence. The dubious contacts established/ maintained by each of the named accused person are elaborated in **Table Nos. 51** to **Table No. 61** below.

7) Once the Written marks were published every candidate knew how many more marks he needed in the interview than his nearest rival to get the coveted post. This is where the Chairman and Members accumulated large amounts of money. The **"paying"** candidate was given marks to ensure that he got the post he wanted. This also meant that the **"non- paying"** candidate was given lower marks to eliminate him/her from the contest – simple addition to some & subtraction from some.

This could not have been possible, if the Chairman and the members were to award marks at the time of interview, seal it and hand it over to the Secretary to do truthful tabulation, as mandated in the KPSC Manual. However, in order to make the process look fair and just, the same group of Chairman and members have awarded 150 marks to candidates who are of no consequence, being somewhere near the bottom of the merit list and as such do not, in any way, come in the way of the targeted beneficiaries. Thus, all the members and the Chairman connived and conspired to hold sham interviews, as is also evident from the **Table No. 44** given below. The **extempore awarding of marks in the interview hall based on the actual performance of**

candidates would not have afforded them with the opportunity to execute their corrupt deals and further their conspiracy. The above circumstance and illegal requirements have been given shape through all the members of each board putting their heads together and deciding to award suitable marks as is required to implement the deals stuck by individual member. The quid pro quo is vividly manifested in all the members unfairly and illegally awarding equal number of marks to all the candidates, except only in 2 cases out of a total of 1085 candidates, as is elaborated by the manner of awarding marks for some of the candidates shown in Table No. 44 given below.

SAME MARKS ALLOTED BY ALL MEMBERS IN FURTHERANCE OF THEIR CONSPIRACY

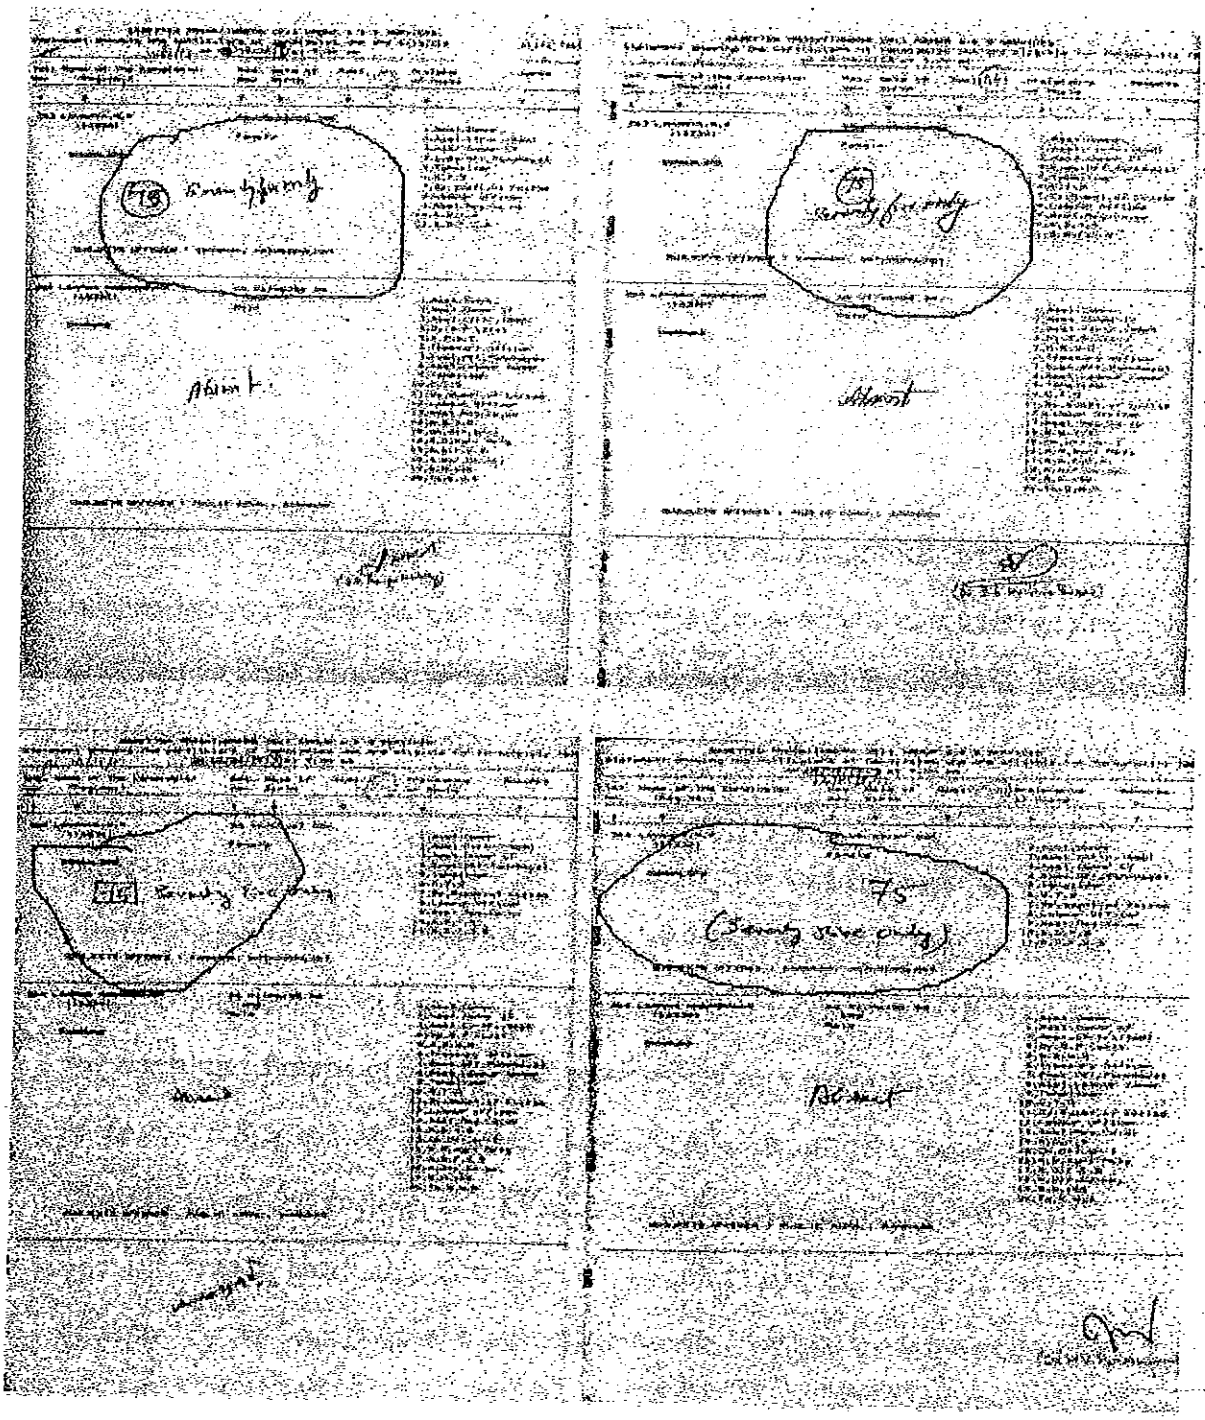
8) There were 2 interview committees for interview of the candidates. The members of the committee were supposed to record their marks for each candidate in the statement of marks and put their signatures on each page after the interview for each candidate. The above statement of marks awarded by the members was to be sealed and handed over to the Secretary for tabulation. However, on further investigation into how actually the premeditated marks were awarded in complete defiance of all the guidelines and yardstick for awarding the marks during personality test, it is revealed that the Chairman and Members would conduct the interviews but give marks only in the end of the day in order to ensure that "paying" candidates got what they paid for. The way marks have been awarded by individual member, in furtherance of common intension of rewarding "paying" candidates" is exemplified with the following records created by the members;

SAME MARKS GIVEN TO 1083 OUT OF 1084 CANDIDATES BY ALL THE MEMBERS



9) The above fact was further corroborated on examination of **Sri. Gopikrishna, PS to Chairman of KPSC.** He, in his statement before the Judicial Magistrate has revealed that after the interviews on each day the Chairman and Members were meeting and discussing performance of the candidates. **Therefore, it is amply evident that the Commission was awarding interview marks to candidates in utter disregard of the guidelines and every rational of having Individual member making independent assessment and only in furtherance of the conspiracy to select the candidates of their choice.**

10) On further investigation into the actual conduct of interviews, where few candidates were asked only a few irrelevant questions, it was found that the time for interviews were fixed from 9am in the forenoon session and from 2pm in the afternoon session. Each of the two boards was allotted approximately 15 candidates to be interviewed in each session. Thus, if the interviews were to commence exactly as scheduled, i.e., at 9am and 2pm, and continue without any break in between, each board would have had 18 mins for each candidate (15 candidates in 4.5 Hours from 9am – 1.30pm & 2pm – 6.30pm). When asked specifically about the exact timing of conduct of interview, the KPSC through letter dated 31-08-2013 has informed that the process of verification of records would commence at 9am and the actual interview would commence only

around 9.30am, which further reduces the maximum time that KPSC could have devoted for each candidate to 16 Minutes.

11) The above analysis threw up other startling facts as well, which further proves conclusively that the interviews conducted by the KPSC were mere formality and the marks were actually awarded subsequently in furtherance of their conspiracy and commitments. When the details of the calls made by the Chairman and all the members and the tower locations of the Mobile numbers provided officially by the KPSC as shown below, were analysed, it was found that many of them were kilometers away from the KPSC well past 9.30am, however, when the marks sheet of the candidates interviewed on that particular day was examined, it was found that all the missing members have religiously awarded marks as if they had interviewed all the candidates. The above facts just go to prove once again that interviews were conducted for the sake of formality and at a later time, marks were awarded illegally and in furtherance of their conspiracy. The above facts are unmistakably elaborated by the details in **Table No. 45** to **Table No. 51** below.

Contact Number Details Of Chairman & Members (As provided by the KPSC)

Statement of the personnel of the KPSC as on 29th June 2013.

1. Address of the Office : Karnataka Public Service Commission, 'Uttarja Soudha', Bangalore- 560 001.

12) The Call details of accused persons, their agents, and relatives of accused, with evaluators and candidates were analyzed. The analysis results establish the unholy nexus between the members, agents, evaluators and the candidates at the relevant point of time, which suggests and corroborates the allegation of malpractices by the accused persons.

The Tables showing the contact details of accused persons, agents and others involved in the case are given below:

Therefore, on the basis of all the above mentioned facts and circumstances, it can be concluded that the systematic illegal acts of omission and commission by the Chairman and the members have rendered the entire process of personality test unlawful and vitiated. If the same is not rectified, it will result in great injustice to scores of deserving candidates.

III. Investigation into the Conduct of accused and other circumstances of the crime: -

1) During the course of investigation, the Investigation Team noticed that 25 CCTV cameras were installed at different parts of the building of KPSC. On enquiry with Secretary, it was revealed that the cameras were installed for the purpose of security and to maintain the transparency in the activities of the office and to prevent corruption and malpractices. On examination of this system, it is observed that no CCTV camera was installed in the interview rooms and chambers of the members. All the 25 CCTV cameras were connected to two DVR [Digital Video Recorder] systems (with16 ports each). Both the DVR systems were connected with monitors at the chambers of the Chairman and the Secretary to view the ongoing activities of the Commission.

Both the above mentioned DVR systems (LG Company make) have been seized for the purpose of investigation. DVR No.1 bearing serial No 010TEFQ002707 and another DVR No.2 with serial No. 010TECG002715 and both of them were manufactured in the month of October 2010. After the physical analysis of the DVR instrument, it is revealed that the DVR- No.1 with serial No: 010TEFQ002707 is found to be intact. But, DVR No.2 with serial No. 010TECG002715 system was found to have been replaced.

The records pertaining to the maintenance of DVR were verified and on verification, it is found that the serial number available in the purchase invoice for DVR-2 is not tallying with that of the seized DVR-2 having Sl. No. 010TECG002715. The concerned supplying agencies of DVR-2 were enquired. They have confirmed that the said DVR-2 was not supplied or installed and the same was not of their company origin. After the analysis of details of the purchase and maintenance of the said DVRs, it is found that from 28/02/1012, Deputy Secretary Mr. Lakshman S. Kukken was in charge of the above DVRs and Mr. Prasanna, Mr S. Shashikumar and Mr. H. M. Kiran were maintaining the control room where CCTV DVR and Biometric system were installed. However, on enquiry it is found that the said DVR-2 has been replaced by the Deputy Secretary and his assistants at the instance of Secretary, Chairman and Members. Stock Register of KPSC was checked and

found that the Sl. No. of the DVR-2 was not matching. Thus, it has been proved beyond doubt that the said DVR has been replaced by some duplicate DVR with an intention to destroy the evidence available in original DVR.

The details of the two DVR systems with the position of cameras attached to it are given in Table No. 63 below.

Table No. 63

Details of the DVRs and CC Cameras Installed at KPSC Building

Sl. No.	Channel or Camera No	Place of Installation	DVR No with Serial No.
1.	CH:01	Examination Hall (Auditorium Back side at 4th Floor)	1) LG Smart Standalone DVR-LE6000 Sl.No.010TEFQ002707

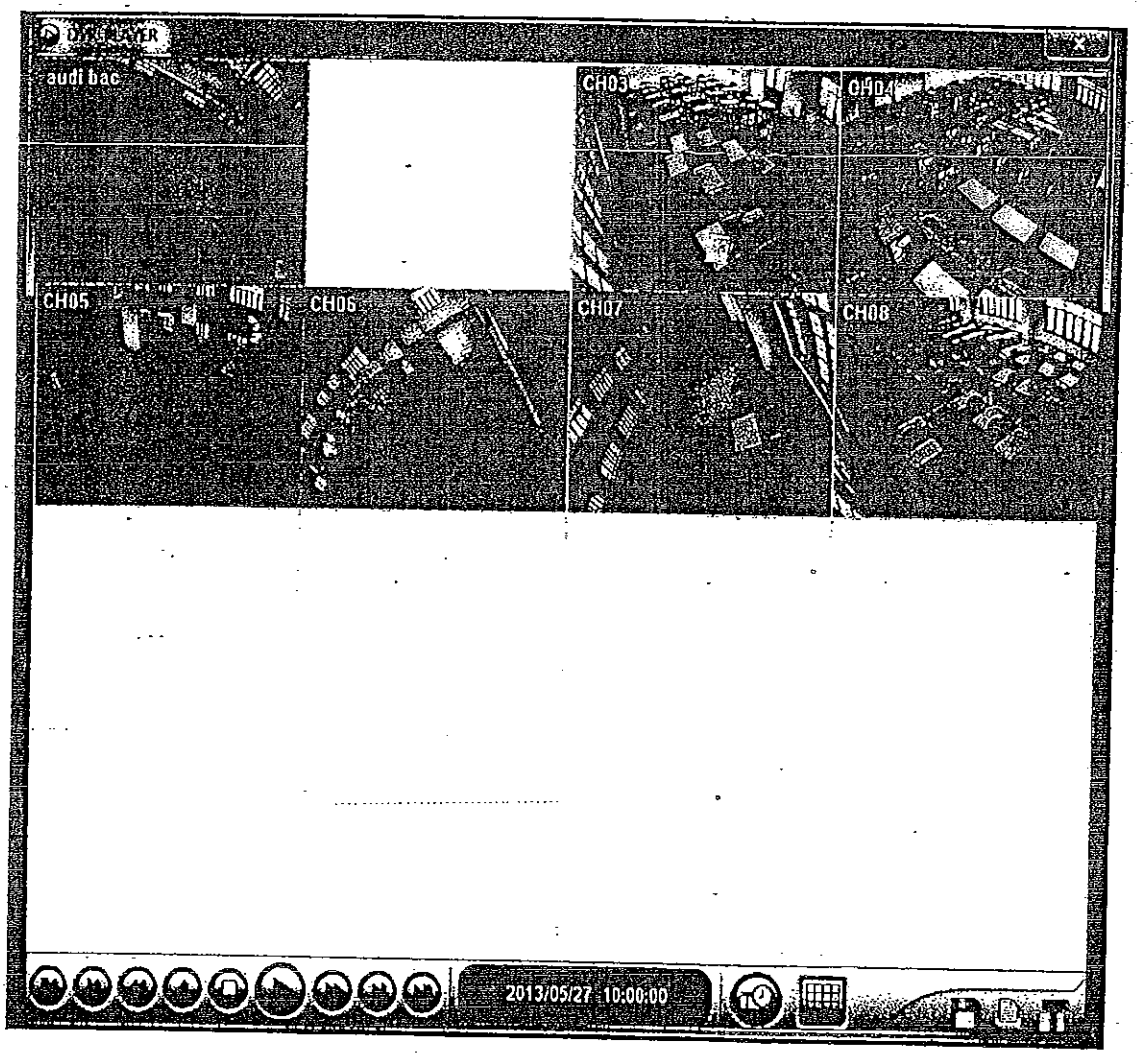
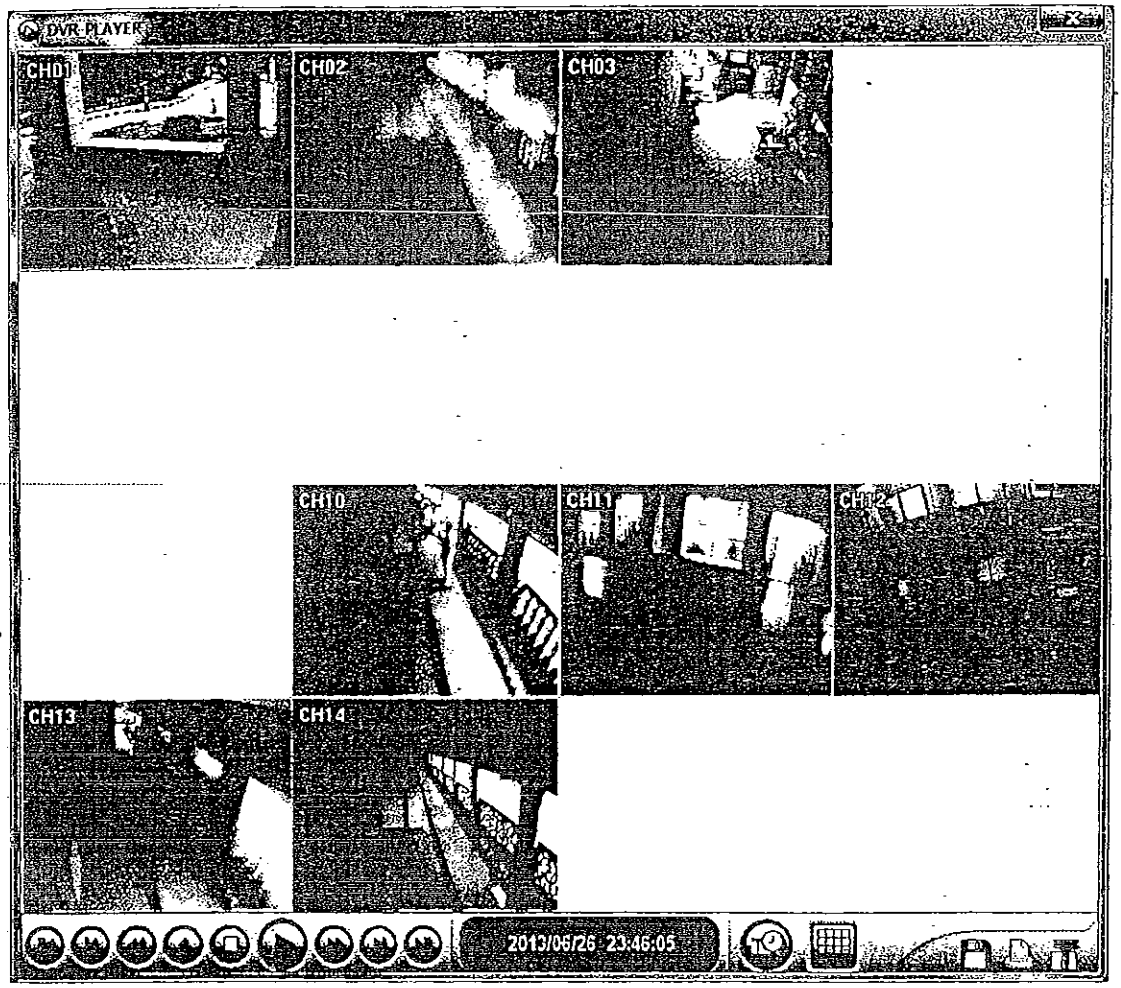
32.	CH:16	N/A	

The screen shots of the DVR systems captured at the time of analysis are given below;



DVR – 1

DVR-2 (HARD DISK) WITH RECORDING CHANGED TO DESTROY EVIDENCE



DVR -2

From the details of the position of cameras and the screen shot of the DVR systems, it is very clearly evident that the DVR which has been replaced contained CCTV feeds from the cameras fitted in the public areas. Therefore, if the same was not destroyed, the movement of candidates and agents of Chairman and members

inside the KPSC premise could have been easily established and the parties to their conspiracy could have been exposed. It is no coincidence that the replaced DVR has data recorded from 26-06-2013, that is the day subsequent to the day of registration of the FIR. Therefore, all the above clearly and unambiguously proves that the accused persons have conspired not only to commit the crime, but when the criminal case was registered on 25-6-2013, they also conspired and destroyed the evidence by replacing the original 1 TB DVR with a new 500GB DVR on or before 26-06-2013.

2) As per existing rules and propriety, an official or member whose ward/ relative is taking any particular examination is duty bound to declare the same and stay away from the conduct of such examination. Some of the officers and staff of KPSC had **filed their declarations to the Secretary of KPSC** regarding their children and relatives attending the GP-2011 examination and such officers and staff were supposedly not involved in any of examination related process. A candidate by name Sindu H.S. (Reg. No. 11630), who is the niece of Chairman Gonal Bhimappa's wife attended the GP-2011 examination, Mr. Gonal Bheemappa has not made any declaration in this regard. This shows that the Chairman had very scant regards for rules and regulations and believed in flouting them more than adhering to them, in order to suit his designs.

3) It is seen that accused by name Arunachalam, who was working as Special Officer, had retired on 31.01.2008 as Asst. Secretary of KPSC and was re appointed on 1st of February 2008 and was continued ever since, on contract basis. Not only that, he had been given charge of the all important R.H.S. (Rahashya) Branch in complete violation of KPSC regulations.

Regulation 12 [1] and [2] of Karnataka Public Service Commission (Conditions of Service) Regulations, 1957 is as follows-

12 (1):- The Staff of the commission shall consist of post of classes I, II, III & IV of such numbers, categories and grades as are specified in annexure – I to these regulations. The method of recruitment and qualifications for appointment to each category of post shall be as specified in annexure – I[a] to these regulations.

[2] Not withstanding anything contained in clause (1), the commission may:

(a) Subject to the previous approval of the Governor, appoint such number of additional Assistant Secretaries for such period as it may, by order, specify;

(b) Subject to the provisions, of Annexure – II to these regulations, appoint such temporary class – III and class – IV staff as it may deem necessary to attend to occasional or periodical increase of work.

[I] The annexure -II for the said regulation clearly states that no temporary staff employed under regulation 12(2) (b) shall be of a description not mentioned in annexure – I.

[II] Temporary staff may be employed by the commission for a period not exceeding 3 months in anticipation of the sanction of the Governor but shall not be retained beyond 3 months by the commission without the prior approval of the Governor. A list of all such temporary appointments made during the calendar year shall be submitted to the Governor for ratification within a month after the close of the calendar year.

4) From the above mentioned regulations, it is clear that no re-appointment of an employee shall be made beyond the period of three months. In this case, the KPSC has violated all the norms and **adopted unlawful means to extend the services of Mr Arunachalam for more than 5 years.** The State Accounts Officers while conducting the audit of the accounts of KPSC in 2012 have questioned the re-appointment and continuation of Mr Arunachalam in service on contract basis for more than 4 years. Further, **it is observed by the auditors that payment of Rs.13.77 lakhs to Arunachalam as salary was a burden to the State Exchequer.**

5) The KPSC Chairman, Members and Secretary have extended the services of Mr. Arunachalam on contract basis with a mala-fide

intention so as to get his assistance in malpractices in the selection process. It is pertinent to note that on 21.11.2012, the **Principal Secretary to the Government, DPAR has rejected the request of** KPSC for extension of services of Mr. Arunachalam. Despite the direction from Government, the Chairman has illegally allowed Mr. Arunachalam to continue in the services of KPSC. Because his services were essential for committing malpractices in Main Evaluation process, which was going on at that point of time.

6) During the course of investigation **searches were conducted** at the houses, offices and chambers of the accused Members of KPSC and other accused persons mentioned in the FIR. But, during the course of searches, except the accused persons by name Mr. Arunachalam and Mr. Sundar, **all other accused were absconding along with incriminating evidences** apprehending arrest and search by the investigation agency. Even though the searches commenced early in the morning, Mr. Gonal Bheemappa, surfaced at his residence only after noon, after being granted with an extension of bail order granted by the Hon'ble High Court.

7) However, before coming home, **Mr. Gonal Bheemappa intentionally gave his I-Phone Mobile to his advocate in order to conceal evidences,** available in his phone, which was seized afterwards from the possession of his Advocate Mr Prasanna Kumar at his office.

Examination of this phone reveals that all the relevant information available in it was missing. He also concealed the existence of his other mobile phone from investigation agency in order to destroy evidences available in his phone and shifted it to undisclosed location when the investigation team conducted search in his house. But only when the I.O. issued notice to Mr. Gonal Bheemappa to produce another phone, which was evident from the call details analysis, he surrendered his another I-Phone to the I.O. on 24/07/2013 after removing all the evidences available in the said I-Phone.

8) During the course of investigation, the IO has obtained the details of the assets of the accused persons from various authorities like Banks, Income Tax Dept and Revenue Dept etc, to track the proceeds of the crime.

Though all the accused have taken enough precaution, it is evident that almost all the transactions appear to have been done either through cash or through some other intermediaries to avoid their trail. The detailed probe into this aspect is still under progress and meanwhile, the analysis of some of the transactions and assets known so far belonging to two of the named accused persons is shown for elaboration:

DISPROPORTIONATE ASSET/ SUSPECTED PROCEEDS OF CRIME

Accused - Gonal Bheemappa

1	64018360071	SBM MS Building Branch	KPSC Salary Account. Balance as on 08/07/2013 is Rs. 7,84,619/-
2	64069852257	SBM MS Building Branch	Balance as on 31/03/2013 is Rs. 11,66,487/-
3	54001156423	Vidhana Soudha Branch	Balance as on 30/06/2013 is Rs. 1,375.47/-
4	04592010023826 (in the name Smt. Pushpalata, w/o Mr. Gonal Bheemappa)	Syndicate Bank, Banaswadi Branch	Balance as on 31-03-2013 is Rs. 32,495/- and the locker was last opened on 08/06/2013

Note:

There is one safe deposit locker associated with the bank account of Smt. Pushpalata, which was found to contain Gold Jewellery of about 305.4 gms. However, the above Locker was operated on 8-6-13 after the registration of the present case, which clearly suggests that valuables / documents are most likely removed from the above locker after the registration of the case.

Immovable Assets-

Sl. No	Property Details	Location Of the Property	Ownership	Approximate Market Value
1	Built House (Ancestral Property)	Devargonal Village, Surpur Taluk, Gulbarga.	Lt. Kenchappa (Brother of Gonal Bhimappa)	Rs. 50,000/-

Immovable Assets-

Sl. No.	Property Details	Location Of the Property	Ownership	Approximate Market Value
1	Tiptur Taluk, Alkurke Village	12 Acre	Shivakumaraiah (Father)	One Crore.
2	Site No. 1096, HSR Layout, Sector 1, Bangalore	2400 Sq Ft.	Smt Rudranamma (Mother)	Two Crores

3	House and Shops in Pipeline Road, No.163, BHEL Colony, Mallasandra Ward no.14,T Dasarahalli, Bangalore – 57	2400 Sq Ft.	Jaisheela-Wife	One Crore

1. **Financial Status of Father:** He is a retired teacher. Retired in 2002. Purchased 10 acres land in 2008 out of Retirement benefits. (The amount of Retirement benefits is not sufficient to acquire 10-12 acres of land).

2. **Mother:** She got 'G' - Category site under Physically Handicapped Quota in the year 2011. The Father of accused has 'claimed' himself to be Physically Handicapped. She is showing her annual income through Dairy Farming, but actually no such source of income could be established so far.

3. **Wife:** She has got property from her mother in 2012 by way of Gift Deed. This property was purchased by her father (Late Nagaraj). The property consisting of five shops and three houses in a single site. They are given on rent. Apart from this she also claims about her income from Architectural Consultancy. She has commenced filing IT Returns since 2008-09. These claims need to be further verified to ascertain their authenticity.

Other suspected Immovable Assets -

Four other properties worth approximately 10 Crores, which are registered in names of persons not related to the accused, have been identified. These properties, including another G – category site, are strongly suspected to be benami properties of the accused. The above facts are being further probed to establish the actual ownership and source of fund.

Other Transactions.

1. PPF Rs. 3,11,971/-
2. NSC Rs. 2,65,000/-
3. Gold Jewellery 1500 Grams.

Similar probe in respect of all other accused persons is still underway

Further Investigation:

1) A detailed investigation into the matter from all angles has been taken up. The investigation conducted so far establishes conclusively that the members have **wantonly violated rules and regulations and adopted gross malpractices and illegal means** to improve the merit status of the candidates on whom the Chairman/Members/Secretary and the Spl. Officer of the KPSC were interested, with the aid of their agents. Further, it is revealed that the members have fixed certain

rates according to the particular category of post and have awarded highest marks to the candidates who have fulfilled their demands.

2) It is also revealed that on several crucial aspects of the selection process, the KPSC has not adhered to the rules and regulation thereby rendering the process unjust, unfair and vitiated. The call details of the Members, agents and the candidates and other evidences collected have established the criminal conspiracy to select the candidate of their choice. Thus, there is ample material on record, with corroborative evidence, to establish the allegations labeled against the accused persons.

3) Initially, a charge sheet will be filed against the 8 accused persons who have been named in the FIR, keeping further investigation in progress under Section 173[8] of Cr.P.C. The Chairman, Members, Secretary, and some of the agents caught in the sting operation are public servants who have indulged in corrupt practices which amount to criminal misconduct, as defined under Prevention of Corruption Act and as such are liable to be punished under the P.C Act, apart from other relevant sections of the IPC. Therefore, it is necessary to file charge sheet against them for the offences punishable under relevant sections of the P.C Act, along with other provisions of IPC, after obtaining due sanction for prosecution from the competent authority; which has been elaborated in the draft charge sheet to be submitted shortly to the government.

4) It is necessary to obtain prior sanction to prosecute the accused Public Servants as per the provisions of Section 19 of the P.C Act, which is mandatory and section 197 of Cr.PC. Hence, a draft charge sheet, along with all the relevant evidences collected, will be submitted shortly to the government seeking prior sanction of the competent authority so that the charge sheet can be filed before the special court.

5) While the present report is the result of exhaustive investigation into the allegations labeled in the FIR and those which were noticed during the course of investigation against the accused persons named in the FIR, further investigation is required to unearth some more facts about the present accused and about the role played by other accused persons who have not been named in the FIR. The role played by each and every member is of special significance as the participation by all of them in criminal conspiracy is already prima facie established. However, the gravity of the criminal acts committed by other accused can only be conclusively established in its entirety after further investigation and hence, the investigation is continued under section 173[8] of the Cr.PC. All the details of the evidences collected in respect of the inferences drawn in this report will be available in the Annexures to be submitted shortly along with the draft charge sheet to the government.

PART-C

CONCLUSION AND RECOMMENDATIONS

- Considering the detailed investigation into the different allegations made and several other malpractices which have come to the notice of the investigation team during the course of investigation, it can be **concluded that the process of evaluation of the mains answer scripts and the personality tests have been vitiated.**

- In the evaluation of mains answer scripts, starting from the selection of examiners apart from the list provided by the universities/ authorities for evaluation, conducting the evaluation process in tearing hurry; not calling evaluators of particular subject even when they were available; overwriting of entries in the marks sheet of candidates during the course of tabulation/ re-totaling; to suspicious communication between the evaluators and the candidates, the discrepancies and malpractices are glaring. Coupled with the above, the resultant variation in the marks allotted during the evaluation conducted by the KPSC and sample test evaluation by experts during investigation suggest that the entire exercise has been done to favour some undeserving candidates due to extraneous considerations at the cost of deserving and meritorious candidates. Therefore, it is felt that the process of **evaluation of mains answer script** has been conducted in **unjust and unfair manner, thereby vitiating the entire process and as** such the Mains Evaluation process **may be conducted once again,** after putting in place necessary guidelines and safeguards.

❖ The personality tests have been conducted even more indifferently, as if it was no more than a mere pretence, and the marks that had to be allotted were already pre-decided. The entire process of personality test is completely impaired by the systematic abuse by the Chairman and the members, in furtherance of their reprehensible designs and dishonest intentions. The members are found to have conducted interviews as a mere formality and awarded predetermined marks later on after discussion. Except for two candidates, for all 1083 candidates, all the members have entered the same marks. Apparently, some members have even awarded marks to candidates even though they were not present at the time of interview. Therefore, the illegal manipulations in the process of personality test have rendered it completely unacceptable and untenable and as such the same may also be conducted again by persons other than the ones who are involved in the present case.

❖ Apart from the above, the general procedure adopted by the KPSC, at every stage of the selection process of gazetted probationers seem to be impaired by glaring loop holes, which can always be exploited by unscrupulous elements. Hence, it is felt that the procedures being followed presently need to be reviewed and necessary changes incorporated.

❖ In the above direction, the following remedial steps may be considered;

- The KPSC manual, which was introduced more than 30 years ago and the Karnataka Gazetted Probationers (Appointment by Competitive Examination) Rules, 1997 containing the details of the particular examination process needs to the overhauled and details of procedures to be followed, with particular reference to the following

aspects, may be incorporated to develop the Standard Operating Procedure:

- Accountability shall be fixed on Chairman/ Member/ Secretary/ concerned official individually, in addition to the collective responsibility.

- Which official or group of officials shall participate in which part of the examination process shall be clearly spelt out.

- The procedure to be followed for all important decision making by the commission or on behalf of the commission shall be clearly spelt out.

- The entire process to be followed for the evaluation of mains answers script, including the process for the selection of evaluators and their qualifications etc shall be clearly spelt out.

- The entire process to be followed for the tabulation and re-totaling shall be clearly spelt out.

- The process of verification of different certificates to decide the eligibility of candidates shall be clearly spelt out.

- The process of conduct of personality test and recording of marks by the members of interview board shall be clearly spelt out.

- There shall be CCTV (without audio) coverage of the entire KPSC premise, including the Main Evaluation Hall and the Interview Halls in order to ensure transparency. These CCTV cameras shall cover every important proceeding of the recruitment process, apart from covering the entire premises. It shall be the personal responsibility of the Secretary or any other functionary, as deemed fit by the government, to ensure that back up of the footages covered by all the CCTV cameras are taken on a daily basis and archived in safe custody.

- Tamper proof software may be developed through NIC/ C-DAC which can be used for the randomization of the process of (1) allotment of answer scripts to 1st, 2nd & 3rd evaluators during evaluation, (2) process of allotment of candidates to different Interview boards.

- Another write protected software may be developed for tabulation and the entire process of entry of marks at the time of evaluation of the mains answer scripts as well as allotment of Interview marks in real time shall be done using the above software. The software may allow corrections through creation of additional layer but without the option of overwriting. Hence, a log of the entire process can be maintained.

- The manual attendance of candidates for mains and interview shall be complemented with biometric attendance.

- Proper double-layer biometric access control system for the strong room and other vulnerable areas like DVR / Server room.

- The process of Preliminary examination, in which not more than 1.5 lakh candidates generally apply, may be conducted on-line, as is done for several other important competitive examinations like the CAT examination, where generally more than 3 lakh candidates participate.
